MEMORANDUM**

TO: Jason E. Brown, County Administrator

THROUGH: Richard D. Szpyrka, P.E., Public Works Director

FROM: James W. Ennis, P.E., Asst. Public Works Director

SUBJECT: Work Order No. 49 - Kimley-Horn and Associates, Inc.
Indian River Boulevard Pedestrian and Bicycle Access Improvement Project
(IRC-1817)

DATE: April 22, 2022

DESCRIPTION AND CONDITIONS

On April 17, 2018, the Board of County Commissioners approved the Continuing Consulting Engineering Service Agreement for Professional Services with Kimley-Horn and Associates, Inc.

In March of 2019, the Indian River County Public Works Department applied to the Florida Department of Transportation (FDOT) for Small County Outreach Program (SCOP) grant funding to make roadway and pedestrian improvements to the Indian River Boulevard Corridor from the 17th Street Bridge south to US-1. Staff had determined that this section of roadway lacked adequate interconnected pedestrian and bicycle facilities. FDOT approved the addition of the proposed project to the SCOP 5-year funding plan.

The purpose of Work Order No. 49 is to provide geotechnical, sidewalk, drainage and roadway design and permitting services for the proposed roadway & pedestrian improvements to be made to the Indian River Boulevard Corridor from the 17th Street Bridge south to US-1. The improvements include five-foot bike lanes, design and installation of missing sidewalk segments to provide pedestrian continuity, milling and resurfacing of Indian River Boulevard, pedestrian signalization and ADA improvements. These design plans are necessary to meet the project schedule and help ensure that SCOP grant funds are still obtainable to pay for a portion of the construction of this project in FY 2024.

Work Order No. 49 is for a total lump sum amount of \$268,780.
