**TO:** Honorable Board of County Commissioners

**THROUGH:** Jason E. Brown, County Administrator

**THROUGH:** Tad Stone, Director  
Department of Emergency Services

**FROM:** Erin Sawyer, Staff Assistant IV  
Department of Emergency Services

**DATE:** July 5, 2022

**SUBJECT:** Approval of 2022/2023 State Funded Subgrant Agreement (T0201)  
To Update Indian River County's Hazards Analysis

---

The State of Florida provides funding for each county to conduct a hazards analysis as part of the overall Emergency Management preparedness mission. The hazards analysis identifies sites that may contain hazardous materials and the vulnerable areas near these facilities. This is part of the overall Emergency Management Hazardous Materials Plan.

This year, the State of Florida has provided an agreement that covers the scope of work for this project. The funding allocated by this agreement to Indian River County is \$1,501.64. Completion of this analysis will allow accurate data when planning for response and recovery in Indian River County.

**FUNDING:**

This is a fixed fee, performance-based agreement and there is no requirement to match the allocation with county funds. Additionally, all work will be performed by county staff and there are no other associated costs.
