Subject: Agreement to Remove Roll Off Exclusivity & Renew Government Facilities Recycling Contract

Dear Mr. Mehta:

Please accept this letter as a response to your email dated April 22, 2022 referencing the IRC Government Buildings and Facilities Recycling Contract dated January 9, 2018 (the "Facilities Recycling Contract").

Waste Management Inc. of Florida ("WMIF") would be amenable to renewing the Facilities Recycling Contract for a 3-year period under the same terms, in exchange for the removal of roll off work from the exclusivity requirement of the parties' Solid Waste and Recyclables Collection Franchise Agreement dated April 21, 2015 (the "Franchise Agreement").

Specifically, the parties agree that Article 3.1.(c.) of the Franchise Agreement which states: "C&D collection in containers fifteen cubic yards and greater (>15 CY) in size in the Solid Waste Franchise Area" shall be deleted from the Franchise Agreement. In exchange, the Facilities Recycling Contract will be extended as set forth above.

It is our understanding that the steps to accomplish this change to the Franchise Agreement will be as follows:

1. The Board of County Commissioners will have to approve the removal of Article 3.1(c.).
2. Two public hearings will be held to change the existing ordinance.

We understand the estimated time frame to complete the above process could be anywhere from 2 – 3 months. The Facilities Agreement expires on 9/30/2022. If the process to change the Franchise Agreement, including amending the existing ordinance, has not been accomplished by the 9/30/22 deadline then WMIF will only consent to a 6-month extension of the Facilities Recycling Contract.

Please keep in mind that the 2022-2023 CPI calculation for the Facilities Recycling Contract would go into effect on 10/01/2022 pursuant to the existing terms, which would entail a max 3% increase to the current rate.

Please let me know if you have any questions.

Thank you.
