RE: Nexusworx Phase III Project

Gerelcom, Inc. proposes to furnish labor, materials and transportation for the verification of splices within approximately 78 locations throughout the County as determined by Byer's Engineering. The splice information will be forwarded to Byer's Engineering for entry into the Nexusworx System. Variations in the total number of splice locations to be surveyed will be billed accordingly.

78 splices to be surveyed **\$1,632.74 per location** **Total project price \$127,353.72**

Please let me know if you have any questions or concerns.

Sincerely,

Bryan Lanham, RCDD
Vice President
