

MEMORANDUM

TO: Jason E. Brown, County Administrator

FROM: Richard B. Szpyrka, P.E., Public Works Director

SUBJECT: Florida Department of Transportation (FDOT) Highway Maintenance Memorandum of Agreement (MMA) for CR510 (85th Street)
FM No. 405606-7-52-01 (IRC-2230)

DATE: November 15, 2022

DESCRIPTION AND CONDITIONS

The Florida Department of Transportation is in the final stages of design for the CR510 (85th Street) project as part of the County roadway system from CR512 to 87th Street and is preparing to move the project forward for construction in 2025.

Florida Department of Transportation requires that the local agency governing board approve a resolution accepting the attached Highway Maintenance Memorandum of Agreement (MMA) outlining conditions for the acceptance and maintenance of the project after construction is complete.

The attached MMA is for the Florida Department of Transportation to construct the widening of CR510 from two lanes to four, drainage improvements, stormwater retention ponds, and other related improvements. Once the project has been constructed by FDOT and the final acceptance process has been completed, the County will be responsible for the maintenance of all improvements associated with the project.

FUNDING

Once the project is complete and accepted by Indian River County, the maintenance expenses for maintenance of the CR510 (85th Street) project will be included in the Public Works Road and Bridge budget.

RECOMMENDATIONS

Staff recommends the Board of County Commissioners approve the Authorizing Resolution for acceptance of the MMA and authorize the Chairman to execute the same.
