## **9. CONSTITUTIONAL OFFICERS and GOVERNMENTAL AGENCIES**

- 9.A.** Indian River County Supervisor of Elections Leslie R. Swan re: Reimbursement for Conducting the November 2, 2021 Municipal Elections

Leslie R. Swan, Supervisor of Elections, presented her request for the revenue received from conducting the November 2, 2021 municipal elections to be rolled into the Supervisor of Elections Fiscal Year 2021/22 budget.

**A motion was made by Commissioner Flescher, seconded by Commissioner Adams, to approve the Supervisor of Elections' request for reimbursement for conducting the November 2, 2021 municipal elections. The motion carried by the following vote:**

**Aye:** 5 - Chairman O'Bryan, Vice Chairman Earman, Commissioner Adams, Commissioner Flescher, and Commissioner Moss

- 9.B.** Indian River County Sheriff Eric Flowers re: Access to County Traffic Cameras

Indian River County Sheriff Eric Flowers stated that in July 2021, the Indian River County Sheriff's Office (Sheriff's Office) signed a contract to install license plate readers around the County. He discussed the challenge with the Florida Department of Transportation (FDOT) not working with the Sheriff's office as they had in the past to place this technology on their equipment; however, there was legislation in the 2022 Legislative session to address the issue. He displayed a map with the locations of the readers within the County, a copy of which is on file in the Clerk to the Board Office. He reviewed how the license plate readers worked and spoke on actual results within the County by using this technology.

Sheriff Flowers asked for the Board's permission to allow the Sheriff's office access to the County's traffic cameras for their newly established Real Time Crime Center (RTCC). He explained by having access, the RTCC would be able to view the live camera feeds during events in order to provide up-to-date information to law

enforcement deputies. He pointed out that the cameras would not be recorded, but used in conjunction with the license plate reader system.

Mr. John Walsh from America's Most Wanted and resident of Indian River County, spoke on the license plate reader and camera technology, and its success in catching criminals and saving lives. He commended Sheriff Flowers for using technology to fight crime.

**A motion was made by Commissioner Flescher, seconded by Vice Chairman Earman to allow the Sheriff's Office permission to access to the County's traffic cameras.**

A discussion followed on clarification of the motion. Commissioner Adams sought and received information from Commissioner Flescher that the Sheriff did not need authorization for the license plate readers, but was seeking permission to access the County's traffic cameras.

County Administrator Jason Brown indicated the conduit for the fiber to the Sheriff's office was full, and sought direction from the Board for a larger fiber project. He also referred to the Code of Indian River County, and pointed out there were no right-of-way ordinances that addressed license plate readers.

The motion on the floor was amended to allow the installation of license plate readers within the right-of-way.

In response to the concerns raised by Commissioner Adams, Sheriff Flowers offered to address any of the resident's concerns on the location of the license plate readers, and the Sheriff's Department policies related to the license plate readers. Commissioner Moss commended Sheriff Flowers for his ability to communicate with the community. Vice Chairman Earman was in support of the Sheriff's Department access to the traffic cameras and appreciated his transparency in letting the public know that the license plate readers were not an invasion of privacy, but a tool for law enforcement.

Public Works Director Rich Szpyrka ensured the Board and the Sheriff were aware of the limitations in regard to the traffic cameras.

Chairman O'Bryan, in response to a question raised by Vice-Chairman Earman, stated that the Board could authorize the costs of the fiber optic under Item 10.A.2. Capital Improvement Element of the Comprehensive Plan.

**A motion was made by Commissioner Flescher, seconded by Vice Chairman Earman, to approve the Sheriff's Office access to the County's Traffic Cameras and to allow installation of license plate readers in the right-of-way. The motion carried by the following vote:**

**Aye:** 5 - Chairman O'Bryan, Vice Chairman Earman, Commissioner Adams, Commissioner Flescher, and Commissioner Moss

## 10. PUBLIC ITEMS

### A. PUBLIC HEARINGS

PROOF OF PUBLICATION FOR THESE HEARINGS IS ON FILE IN THE OFFICE OF THE CLERK TO THE BOARD.

#### 10.A.1. Biosolids Moratorium Extension Ordinance - LEGISLATIVE

County Attorney Dylan Reingold in his memorandum dated November 23, 2021 provided background on the Biosolids Moratorium enacted by the Board in July 2018, on all properties within the unincorporated areas of Indian River County involved in the land application of Class B biosolids. He stated that the moratorium had been extended on several occasions and the current moratorium was set to expire on January 1, 2022. He presented to the Board another moratorium ordinance consistent with Section 403.0855, Florida Statutes, which would extend the moratorium to January 1, 2023.

Chairman O'Bryan opened the Public Hearing. There being no speakers, the Chairman closed the Hearing.

**A motion was made by Commissioner Flescher, seconded by Commissioner Moss, to adopt Ordinance 2021-015, authorizing an extension of the temporary moratorium for an additional 1 year, or until a comprehensive review of the impact on the County's ecosystem is completed, within the unincorporated areas of Indian River County prohibiting land application activities of Class B Biosolids; providing for additional study and possible regulation of Class B Biosolids Application activities; providing for exhaustion of administrative remedies; and providing for severability, repeal of conflicting provisions, and an effective date. The motion carried by the following vote:**

**Aye:** 5 - Chairman O'Bryan, Vice Chairman Earman, Commissioner Adams, Commissioner Flescher, and Commissioner Moss

#### 10.A.2. County Initiated Request to Amend the 5 Year Capital Improvements Program and the Capital Improvements Element of the Comprehensive Plan for the Period FY 2021/22 -2025/26.

Community Development Director Phil Matson introduced Chief of Long Range Planning John Stoll and stated that the Capital Improvements Element (CIE) of the Comprehensive Plan process, noting the preparation was a joint effort by several County departments.

In a PowerPoint Presentation, Chief Stoll told the purpose of the Comprehensive Plan Text Amendment was to recognize changes in existing and future public facility needs, changes in funding, and to comply with required yearly CIE update requirements. He highlighted the changes to existing revenue information and projections, Appendix A, and updated all tables, figures and corresponding text of the CIE. He reviewed the 5-Year Schedule of Capital Improvements Program (CIP) expenditures by category and went over the Lagoon benefiting projects funded by the One-Cent Local Option Sales Tax FY 2021/22 through 2025/26. He noted the proposed 5-year CIP would allocate more than 20% of the extended one-cent local option sales tax revenue to fund lagoon related projects.

Chairman O'Bryan sought and received information from Public Works Director Rich Szyrka for the delay in the widening of 26th Street from 43rd Avenue to 66th Avenue project.

In response to Commissioner Adams' question whether the Board would need to move forward capital improvement money in the CIP for the repairs at the Archie Smith Fish House - Ice House, County Administrator Jason Brown and Assistant County Administrator Mike Zito discussed the stabilization efforts and would bring back a plan to the Board after staff had a better assessment of what needed to be done. A discussion followed on the Archie Smith Fish House Restoration with Commissioner Adams stating that it was the County's responsibility to preserve and prevent further degradation of the building and then move forward with the restoration plans.

Beth Powell, Assistant Director of Parks and Conservation Resources, reported on the status of the Ice House, the efforts to further prevent debris from falling into the lagoon, and the structural integrity of the Ice House. She would bring back to the Board the status of what was left of the Ice House and how much of the building would be salvageable.

County Administrator Brown proposed advancing the \$200,000 designated for the second year of the CIP for the Archie Smith House Restoration. He was proud of what had been done in regard to improvements and preservation on County acquired properties sites over the past five (5) + years. He recommended that if the County would choose to do another land acquisition bond, funds should be set aside for initial improvements.

Chairman O'Bryan recapped the amendments to the CIP, noting the transfer of \$200,000 from Fiscal Year (FY) 2022/23 to FY 2021/22 for the Archie Smith Fish House Restoration. He confirmed with County Administrator Brown that an additional \$750,000 of Optional Sales Tax, discussed under the Sheriff's Item 9.B., would be moved to FY 2021/22 for Traffic Fiber Optics.

Commissioner Flescher received confirmation that \$400,000 in the CIP for FY 2022/23 was designated for the Victor Hart Sr. Complex (fka Gifford Park) Restroom/Concession Building.

The Chairman opened the Public Hearing.

Wilfred Hart thanked the Board for dedicating funding to make the necessary improvements to the Victor Hart Sr. Complex Restroom/Concession Building.

There being no further speakers, the Chairman closed the Public Hearing.

Assistant County Administrator Zito, in response to a question posed by Commissioner Moss, stated the cracked tennis and hand ball courts, and broken bleachers do not qualify as capital; he indicated the projects have been procured and should commence soon.

County Administrator Brown clarified for staff that the additional \$750,000 for the fiber for the Sheriff's cameras would be under the fiber for Facilities rather than under Traffic.

Chairman O'Bryan commented on the funds budgeted for right-of-way acquisitions for the widening of 43rd Avenue from Oslo Road to 18th Street to four (4) lanes. He was opposed to the project, explaining that 43rd Avenue was narrow and the number of houses the County would need to take was not financially feasible.

**A motion was made by Commissioner Adams, seconded by Commissioner Flescher, 1) to adopt Ordinance 2021-016, amending the text of the Comprehensive Plan's Capital Improvements Element by updating the County's 5 Year Capital Improvement Program (CIP) Schedule and related data and analysis sections; and providing severability and effective date; and 2) approve the following amendments to the Comprehensive Improvement Plan: a) move \$200,000 from Fiscal Year (FY) 2022/23 to FY 2021/22 for the Archie Smith Fish House Restoration; and b) move an additional \$750,000 of Optional Sales Tax to FY 2021/22 for Facilities Fiber Optics. The motion carried by the following vote:**

**Aye:** 5 - Chairman O'Bryan, Vice Chairman Earman, Commissioner Adams, Commissioner Flescher, and Commissioner Moss

The Chairman called a recess at 10:39 a.m., and reconvened the meeting at 10:44 a.m., with all members present.

## **B. PUBLIC DISCUSSION ITEMS**

**10.B.1.** Request to Speak from Joseph Paladin re: Community Development District

Mr. Joseph Paladin recalled that at the December 7, 2021 Board Meeting, he brought forward a discussion on Community Development Districts (CDD). He felt it was not the right time, nor did he see bringing forward any CDD's in the near future.

Chairman O'Bryan stated the Board decided to move forward with outlining some criteria for any future CDD; and had asked Mr. Paladin to put an Ad Hoc committee together to look at CDD's with more community input. Each Commissioner expressed their reservations, concerns, and support to move forward with a workshop to gather additional information and input, stating it was a financial tool to be used at the right place and time. Commissioner Moss stated that she did not hear of any support for a CDD and opposed moving forward with a CDD or an ad hoc committee at this point.

County Attorney Reingold, in response to Commissioner O'Bryan, offered to hold a roundtable discussion in the near future and inviting those who have expressed an interest in the CDD concept, including public input from interested parties. The comments and information gathered would be brought to the Board for potential future action.

Mr. Paladin stated that he would be happy to participate in the roundtable discussion.

County Administrator Jason Brown stated Community Development Staff would support a roundtable discussion.

**A motion was made by Commissioner Flescher, seconded by Chairman O'Bryan, to allow the County Attorney to conduct a Roundtable Discussion in order to gather input from interested parties in regard to a Community Development District, then to bring back the information to the Board for potential future action. The motion carried by the following vote:**

**Aye:** 4 - Chairman O'Bryan, Vice Chairman Earman, Commissioner Adams, and Commissioner Flescher

**Nay:** 1 - Commissioner Moss

## C. PUBLIC NOTICE ITEMS

### 10.C.1.

County Attorney Dylan Reingold read the public hearing notice into the record.

**No Action Taken or Required**

## 11. COUNTY ADMINISTRATOR MATTERS

**11.A.** 2022 Indian River County State Legislative Program

Legislative Affairs and Communications Manager Kathleen Forst presented the 2022 Indian River County Legislative Priorities including the County's Legislative Priorities and Concerns list. In her staff memorandum dated December 8, 2021, she stated the 2022 Florida Legislative Session would convene on January 11, 2022 and run through March 11, 2022. She pointed out that contained in the proposed legislative program were appropriations for Ixora Park Sewer System Rehabilitation and Hobart Water Treatment Plant SCADA System Upgrade Projects, and a proposed list of designated point persons and alternates for the 2022 State Legislative List of Priorities. She noted staff proposed removing the High Speed Passenger Rail priority following the recent settlement agreement with Brightline, and adding new priorities focusing on Preemption and Water Infrastructure.

Chairman O'Bryan reviewed the list of Designated Point Persons and Alternates for 2022 State Legislative List of Priorities, and changes to the list.

<b>Topic</b>	<b>Point Person</b>	<b>Alternate</b>

## **13. COUNTY ATTORNEY MATTERS**

**13.A.** Acquisition of Right-Of-Way from Christine L. Ford for Phase II of 66th Avenue Improvements - 7825 66th Avenue, Parcel 126

Deputy County Attorney William K. Debraal presented information on the acquisition of right-of-way from Christine L. Ford for Phase II of 66th Avenue Improvements at 7825 66th Avenue, Parcel 126, as contained his memorandum dated December 8, 2021. He provided detail on the 7.35 acre improved ranchette home site, detailing the improvements that were involved in the County's purchase of 1.76 acres of property for the 66th Avenue Improvements. He explained the method of approach in establishing a value of the land and improvements within the area of take and spoke of the unique characteristics of the house not commonly found in Florida homes. He touched on the appraisal, terms of the settlement given to Ms. Ford to complete the construction of a new residence on the remainder parcel, and total cost of settlement in the amount of \$813,488.13 for the acquisition. He furthered explained the total cost of settlement included severance damages and all improvements.

Commissioner Adams concurred with Attorney Debraal and stated the house was built using construction methods not used anymore and with materials that were hard to come by and if found, would be astronomical in cost.

County Administrator Jason Brown added that the majority of money for the purchase of the 1.76 acres of property would be going to Ms. Ford and not the attorneys or experts.

Chairman O'Bryan commented that the County had offered to move the house and the owner had declined, and agreed with County Administrator Brown that the vast majority of money would be going to the owner.

Commissioner Flescher concurred with Chairman O'Bryan and spoke on the issue of moving a house with a lot of age.

**A motion was made by Commissioner Adams, seconded by Vice Chairman Earman, to approve staff's recommendation. The motion carried by the following vote:**

**Aye:** 5 - Chairman O'Bryan, Vice Chairman Earman, Commissioner Adams, Commissioner Flescher, and Commissioner Moss
