Ms. Cooney,

Please accept this email as an acknowledgment of the filing of your appeal of the decision of the County Administrator concerning your application for a small business grant. Per section 100.06 of the Indian River County Code, the Board of County Commissioners has 20 working days to make a decision on your appeal. Thus, we will schedule your appeal for the April 5th Indian River County Board of County Commissioners meeting.

Please be aware that Commissioner Flescher, like all of the commissioners, is required to vote on the matter unless the matter would inure to his special private gain or loss; inure to the special private gain or loss of any principal by whom he is retained or to the parent organization or subsidiary of a corporate principal by which he is retained, other than an agency as defined in section 112.312(2), Florida Statutes; or inure to the special private gain or loss of a relative or business associate of the public officer. I am unaware of any such conflict of interest and thus expect Commissioner Flescher to vote on the matter.

Have a wonderful day!

Dylan Reingold
County Attorney

CAUTION: This message is from an external source. Please use caution when opening attachments or clicking links.

I hereby appeal the wrongful denial which was based upon Jason Brown's false belief that my business losses from 2019 to 2020 were not caused by COVID. I have submitted substantial evidence proving that the losses were caused by COVID, including a sworn statement in the application, a separate notarized affidavit, the Governor's Order prohibiting me from operating my music performance business, three (3) email chains from venues cancelling all 2020 shows due to COVID, and one email chain showing a private St. Patrick's Day party which was cancelled verbally. Brown has not produced any evidence to contradict or disprove this.

Brown maintains his false belief despite the evidence proving otherwise. The denial was arbitrary and capricious or worse, malicious. It must be corrected on appeal.

Joe Flescher must recuse himself due to a conflict of interest. He has committed or participated in committing crimes against me in the past. This creates an impermissible conflict of interest. Any other commissioner with any kind of conflict of interest must also recuse.

Do I need to do anything else? Did everyone receive my emails showing the COVID cancellations at various venues and the Governor's Order prohibiting live performance gatherings? If so, why has this evidence not been considered? Please be sure to forward all of the evidence with the appeal.

Second request: Please forward the denial letter stating the reason(s) for denial and the reasons for ignoring all of the evidence that I submitted.

Ms. Cooney,

There is not a form. Please submit your appeal to me via this email address along with any additional information that you would like to provide. I will then have this placed on the next available BCC meeting for their consideration of the appeal. April 5th is the next BCC meeting.

Yes, I would like to appeal to the Board. Is there a form for this? Please forward the document stating the final determination. The decision is in error if, as you say, the denial was based on your false belief that the losses were not due to COVID, when the evidence proves that the losses were due to COVID. I can provide more evidence, as well, such as cancellation notices that clearly state the reason is COVID and the Governor's Order shutting down the venues where I was scheduled to perform. Thanks.

Dear Jason,

Please resubmit my application with the correct information: that the business losses in question were caused by the COVID-19 pandemic, namely the drop in business income from 2019 to 2020. This was already stated in the application, but apparently, you misunderstood. I am also preparing a sworn Affidavit to document this fact specifically and resolve this issue.

My pre-COVID income in 2019 was \$26,475, as shown on the income statement. My post-COVID income in 2020 was \$9,075, as shown on the income statement and the tax return. The \$17,400 drop in income was caused entirely by the COVID pandemic. This qualified my business for the grant.

The lawsuit is not related to my application, nor was it submitted with my application. Therefore, the lawsuit cannot be cited as a reason to deny the application. Nothing in the lawsuit contradicts or disproves the facts stated in the application. The lawsuit documents damages, including loss of earnings from 2008-present and future losses, from various crimes committed against me. The most damaging crimes were committed against me in 2008,

2011-12, and 2014-17, although some of the criminal activity is ongoing.

The damage losses result from a 2008 recording project that was shelved and do not include my regular performance income listed in the application. The 2008 recording project would have provided continuing royalties and better performance opportunities, as well as product sales (CDs and downloads) totaling a conservatively estimated \$1,000,000 for 2008-2021 and \$2,000,000 for post-2021. Since the recording was never finished, it was not part of my income in 2019. Nor did the unfinished recording cause my 2020 income to drop by \$17,400. The drop in performance income between 2019 and 2020 was solely attributable to COVID.

Indian River County cannot lawfully deny my application for a federally-funded program because I have exercised my First Amendment right to file a lawsuit. Likewise, the County cannot deny the application by falsely asserting (without any evidence) that the income loss was not due to COVID, when the application certifies that the income loss was due to COVID. The County must approve the application. Please comply with law.

Thank you for your anticipated cooperation and compliance with law.

Deborah Cooney

Ms. Cooney,

Please forgive the email response to your small business assistance applications as I do not have access to your phone number. I find that your application for assistance under the small business assistance program is not eligible due to the program requirement for business losses to be COVID related. Please see the attached complaint, filed by the applicant alleging \$1 million for loss of earnings and \$2 million for estimated future earnings losses due to the actions of the numerous defendants named. Thus it appears that you have alleged these defendants (including Indian River County and several dozen other defendants) have caused losses well in excess of the amount submitted in the applications. Therefore, my determination is that this application is not eligible for funding. If you have any questions about this determinations, please let me know.

Jason,

Attached is another small business grant application from the Chamber, and Helene indicates below they have one more to send over. I'm not sure why we are just finding out about these now. Just wanted to get your thoughts before we proceed, since these applicants were not included in the number we provided to the Board.

Good Morning

I've attached a completed Small Biz Recovery Grant application for Deborah Cooney, listed as an "entertainer". She initially submitted her application on 11/17/21, but it has taken all this time for her to access her activated SAM.gov number. The last several pages of Deborah's application reflect the musical performances in 2019 and

2020 for which she was paid, to give examples of her business activities.
Please let me know if you have any questions regarding this application.

We have one more to send over, that was originally submitted to us in Oct 2021. The owner is dropping off her remaining docs today or tomorrow, including her SAM.gov info. I will send this along as soon as it is complete.

Thanks!
