Subject: Monetary Grants for Recycling Pilot Program within the Indian River County School District

Solid Waste Disposal District (SWDD) staff has been working closely with the Indian River County School District (IRCSD) to develop a pilot program where four selected schools would receive the necessary recycling containers and equipment to establish a robust campus-wide recycling program. To bring this program to fruition, SWDD applied for, and was awarded, two monetary grants: a \$2,500 grant from Waste Management's Think Green Grant Program and a \$5,000 grant from the Carton Council's School Carton Recycling Grant Program. The SWDD staff would like to publically thank both Waste Management and the Carton Council for coming alongside the County and the IRCSD in our efforts to increasing recycling at our schools.
