

November 12, 2019  
ITEM 14.E.1

INDIAN RIVER COUNTY  
BOARD OF COUNTY COMMISSIONERS

INTER-OFFICE MEMORANDUM

---

TO: Members of the Board of County Commissioners

DATE: November 4, 2019

SUBJECT: Requesting Census of Current IRC Parks and Recreation Equipment

FROM: Tim Zorc  
Commissioner, District 3 

---

**Discussion Item:**

I'd like to request Parks and Recreation Department conduct an inventory of all county parks' existing playground equipment, covered shelters, park benches, and barbeque grills, plus any other related items typically found in our parks.

The purpose of the inventory would be to ensure we have adequate and appropriate park equipment for all county residents to enjoy, including features supporting the Americans with Disabilities Act (ADA). Once the inventory is completed, any identified shortfalls or deficiencies could be identified and included in the park budget for the next budget cycle.
