Interests & Experiences

Why are you interested in serving on a board or commission?

Based on my role as General Manager at John's Island and a resident of Indian River County I feel the beaches and the care of the same are very important to our community. I have many years of experience in coastal issues and items done to help correct and improve these areas of concern. I feel I would be an added value to this committee and its goals. I have been attending these meetings as an observer on a regular basis and have found I have common ground in what they are trying to accomplish for our County.
