John:

Just spoke with Zac and understand you are busy with the hurricane.
He did mention it might be helpful to provide you with information for the agenda.

I have attached the contract and PO. In the original contract it provides an option to continue month to month at a rate of \$20,000.

My suggestion is to extend 1 month so that I can transition the items to Erik and help him in any way needed. I would like you to consider extending the PMO services to keep people accountable to execution. Zac mentioned that he would like this assistance.

If it is PMO only it would be much less time. I would be happy to extend that for \$10000/month.

So in summary I would suggest my time and PMO continue for 30 days. Then PMO only for an additional 60 days. This would be month to month - cancel at any time.

If you committed to the 90 day term I would discount each month by \$2500

Nov - \$17,500

Dec - \$7500

Jan - \$7500
