DESCRIPTION AND CONDITIONS

On April 17, 2018, the Board of County Commissioners approved the Continuing Consulting Engineering Service Agreement for Professional Services with Kimley-Horn and Associates, Inc. and on May 18, 2021 approved the Renewal and Amendment No. 1 to the Agreement.

In March of 2018, the Indian River County Public Works Department applied to the Florida Department of Transportation (FDOT) for Small County Outreach Program (SCOP) grant funding to make roadway and pedestrian improvements 43rd Avenue between the 12th Street and 18th Street. Staff had determined that this section of roadway lacked adequate interconnected pedestrian and bicycle facilities. The proposed design will include milling and resurfacing, 6-foot sidewalks and 5-foot paved bike lanes along both sides of 43rd Avenue between 12th Street and 18th Street. This section is approximately 4,000 linear feet and connects the pedestrian and bike lane facilities currently under construction with the SR 60 and 43rd Avenue project. FDOT approved the proposed project within the SCOP 5-year funding plan.

The purpose of Work Order No. 52 is to provide survey, and geotechnical investigation, sidewalk, drainage and roadway design, and permitting services for the proposed roadway & pedestrian improvements to be made to the 43rd Avenue between the 12th Street and 18th Street. The design plans are necessary to meet FDOT's project schedule and help ensure that SCOP grant funds are obtainable to pay for a portion of the construction.

Work Order No. 52 is for a total lump sum amount of \$213,828.
