Dear Ms. LoPresti:

The Florida Division of Emergency Management (DEM) has completed its review of the Indian River County 2016/2017 Hazards Analyses updates. The evaluation indicates the analyses meet the criteria outlined in contract 17-CP-11-10-40-01-206. Please note that in order to fulfill all requirements of the contract, proof of distribution to the Local Emergency Planning Committee and proof of notification of the availability of the Hazards Analyses information to Section 302 facilities/response agencies is required to be submitted to DEM.

In addition, a copy of the final approved HA files should be uploaded to the DEM Share point portal (SERT section under your district LEPC in the Indian River County folder) or you can mail a CD for the file with your invoice.

If you have any questions or require additional assistance, please contact me at (850) 413-9895.

Sincerely,

A handwritten signature in blue ink that reads "Isabell Parker".
