Thank you Nancy.

Please prepare a resolution for the BOCC to cancel the taxes on the above referenced parcel of property. The City has obtained this land contiguous to a planned CDBG paving project, and it will be used for stormwater retention and drainage.

Subject: RE: 12910 100th Lane - Fellsmere, FL

Good Morning, Mr. Moreman

I have not received the required information relative to this property in order to prepare the necessary resolution for scheduling for County Commission consideration for cancellation the taxes. Back in June, the Property Appraiser's Office alerted me that the City of Fellsmere had purchased property with a site address of 12910 100th Lane in Fellsmere and asked if I was going to prepare a resolution. I reached out and asked if the taxes were to be cancelled, and if they were then I would need to be provided with a letter requesting that the taxes be cancelled and to state the intended public use for the property. To date I have not received this information.

I would be happy to prepare the resolution and schedule it before the County Commission, but I first will need a letter requesting that a resolution to cancel taxes be prepared AND what the intended public use of the property will be.

Regards,

Nancy H. Mossali
