

Cell Towers in Rights-of-way: **SUPPORT** the current statutory framework and Home Rule authority that allows communication services providers to place traditional communication services infrastructure within county rights-of-way, subject to local rules, regulations, and permit processes; **OPPOSE** extending this authority to third-party / pass-through providers, who do not provide communication services or remit communications services tax.

Derelict Vessels: **SUPPORT** revised statutory authority and continued state funding for the enforcement and removal of derelict vessels, with emphasis on chronic offenders.

Zika: **SUPPORT** legislative policy that entitles each county, irrespective of population, to a pro rata share of waste tire grants from the fee imposed on motor vehicle tires for use in mosquito control programs.

Public Notice of Pollution: **SUPPORT** the enhanced public awareness of pollution incidents that may threaten public health, safety and welfare and regulations with well-defined standards, and clear scope and applicability; and **SUPPORT** a manner of public notice that is consistent and commensurate with the potential impact.

Recycling: **SUPPORT** legislation that provides appropriate resources and incentives to local governments to achieve statewide recycling goals, with credit afforded for all recycled materials including municipal biomass and other waste-to-energy processes

Emergency Management: **SUPPORT** that state match funds be provided for all projects deemed eligible and approved by FEMA to ensure the public health, safety and welfare can be met following a disaster, and **SUPPORT** a 50/50 cost-share arrangement with the state for the non-federal portion of the Hazard Mitigation Grant Program (HMGP).

Medical Marijuana: **SUPPORT** maintaining local authority to determine land use, zoning, and other regulatory standards for marijuana cultivation, processing, and distribution; **SUPPORT** a taxation or fee structure should be implemented with the state or independently to help counties recoup any and all costs in public services, including but not limited to law enforcement, and regulatory enforcement; and **SUPPORT** legislation that provides a comprehensive health-based regulatory system where the DOH is responsible for licensing cultivation sites, dispensing facilities, and manufacturers of marijuana for medicinal purposes.
