For the above referenced project, Jacobs Air Water Systems (JAWS) is pleased to offer the following proposal based on the Scope of Work. The detailed scope of work is as follows:

1. General Requirements

1. Mobilization to the jobsite
2. Project Management & Supervision of our work
3. Coordination of shutdowns and phasing of the work with the aid of the Owner's personnel
4. General daily clean-up
5. Site restoration of grounds affected by the work
6. Demobilization from the jobsite

2. Scope of Work: Provide labor & equipment for the Degasifier Repairs & Repacking as follows:

- a. Detach all ductwork and miscellaneous pipe connections from the Degasifier. Store all ductwork and miscellaneous piping for reinstallation.
- b. Gain access to the Degasifier via ductwork connections. Remove existing media (approx. 1,000 CF) via Vac Trucks and dispose offsite. Clean vessel interior via pressure washing.
- c. Once media is removed, lift Degasifier and place on its side for repairs to be made by JAWS.
- d. Remove loose concrete via light chipping hammer and pressure washing of the damaged concrete equipment pad. Apply a bonding agent (Euclid Duralprep AC) to damaged concrete areas then trowel on repair mortar (Euclid Eucocrete Supreme).
- e. Once the concrete repairs and Degasifier FRP repairs have cured, re-install the Degasifier utilizing the existing anchor bolts. JAWS to inspect vessel prior to loading proposed packing
- f. Install proposed packing (approx. 1,000 CF) provided by JAWS.
- g. Reconnect all ductwork and miscellaneous pipe connections to the Degasifier.
- h. Restore any damaged sodding due to construction activities

3. Pricing Schedule

- a. Labor & Equipment Price of **\$92,750.00**

4. Clarifications

- a. Federal, State and Local Sales Taxes are included (only for our material provided)
- b. b. General Liability, Auto and Worker's Compensation Insurances are included
- c. c. Utilities for construction (potable water & electric) shall be provided by the Owner and with-in 50' of the work area
- d. d. The pricing provided in this proposal is good for 60-days
- e. e. Payment terms shall be net-30 of the dated invoice
- f. g. Packing to be delivered in Supersacks
- g. Pricing Valid for 180 Days

5. Warranty

- a. Warranty is for Media is Valid for One Year
- b. Workmanship Warranty is Valid for 90 days
