

**INDIAN RIVER COUNTY
BOARD OF COUNTY COMMISSIONERS**

INTER-OFFICE MEMORANDUM

TO: Members of the Board of County Commissioners

DATE: January 30, 2019

SUBJECT: Seagrass Replacement Project

FROM: Commissioner Bob Solari

There is a grant opportunity, which would not compete with any of our other water quality priorities, which I would like to discuss with the Board. It involves the replacement of approximately 40 acres of seagrass in the Wabasso area of the lagoon.

One page of additional back-up included.

Thank you.
