

**INDIAN RIVER COUNTY, FLORIDA  
MEMORANDUM**

---

**TO:** Jason E. Brown, County Administrator  
**THROUGH:** Dan Russell, Information Technology Director  
**FROM:** Will Rice, Manager, IS/GIS Division  
**DATE:** April 14, 2021  
**SUBJECT:** Amendment to 2019 Pictometry Aerial Imagery Contract

---

**DESCRIPTION AND CONDITIONS**

On October 22, 2019, the Board of County Commissioners approved a three-year contract with Pictometry International Corporation for the purpose of acquiring high resolution oblique and vertical aerial imagery on an annual basis for the populated eastern half of Indian River County. In 2020, Pictometry changed the product specifications for some of their deliverables and requested that Indian River County adopt those changes through an amendment to the 2019 agreement. On October 20, 2020, the Board of County Commissioners approved Pictometry's amendment to the 2019 agreement.

In March 2021, Pictometry determined that the 2020 amendment dropped one of the deliverables from the 2019 agreement. The specific deliverable that was dropped was delivering the vertical imagery in individual 5000 foot by 5000 foot tiles and converting the tiles to the MrSID image file format. This individual tile and MrSID file format enables the vertical imagery to be used by AutoCAD Computer Aided Design software users.

Pictometry has agreed to add the tile deliverable back to the 2019 agreement thru the Board of County Commissioners approving the attached Amendment.

**FUNDING**

There are no additional expenditures required for this amendment

**RECOMMENDATION**

Staff recommends the approval of the amendment with Pictometry Corporation as provided in Attachment 1 and requests that the Board of County Commissioners authorize the Chairman to execute and sign the attached amendment.

**ATTACHMENTS:**

1. Amendment to Agreement dated October 24, 2019 between Pictometry International Corporation (“Pictometry”) and Indian River County, FL (“Customer”). Pictometry Order# C23611318, Pictometry Document Number C23611318 2021-0401.
