

carry out specific activities which, in turn, generate payments to the fund for additional grants to units of general local government to carry out such activities. Program income in the revolving fund must be disbursed from the fund before additional grant funds are drawn from the Treasury for payments to units of general local government which could be funded from the revolving fund.

(3) A revolving fund established by either the State or unit of general local government shall not be directly funded or capitalized with grant funds.

(g) *Procurement.* When procuring property or services to be paid for in whole or in part with CDBG funds, the state shall follow its procurement policies and procedures. The state shall establish requirements for procurement policies and procedures for units of general local government, based on full and open competition. Methods of procurement (e.g., small purchase, sealed bids/formal advertising, competitive proposals, and noncompetitive proposals) and their applicability shall be specified by the state. Cost plus a percentage of cost and percentage of construction costs methods of contracting shall not be used. The policies and procedures shall also include standards of conduct governing employees engaged in the award or administration of contracts. (Other conflicts of interest are covered by § 570.489(h).) The state shall ensure that all purchase orders and contracts include any clauses required by Federal statutes, executive orders and implementing regulations.

(h) *Conflict of interest—(1) Applicability.* (i) In the procurement of supplies, equipment, construction, and services by the States, units of local general governments, and subrecipients, the conflict of interest provisions in paragraph (g) of this section shall apply.

(ii) In all cases not governed by paragraph (g) of this section, this paragraph (h) shall apply. Such cases include the acquisition and disposition of real property and the provision of assistance with CDBG funds by the unit of general local government or its subrecipients, to individuals, businesses and other private entities.

(2) *Conflicts prohibited.* Except for eligible administrative or personnel costs, the general rule is that no persons described in paragraph (h)(3) of this section who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this subpart or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from the activity, or have an interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during their tenure or for one year thereafter.

(3) *Persons covered.* The conflict of interest provisions for paragraph (h)(2) of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the state, or of a unit of general local government, or of any designated public agencies, or subrecipients which are receiving CDBG funds.

(4) *Exceptions: Thresholds requirements.* Upon written request by the State, an exception to the provisions of paragraph (h)(2) of this section involving an employee, agent, consultant, officer, or elected official or appointed official of the state may be granted by HUD on a case-by-case basis. In all other cases, the state may grant such an exception upon written request of the unit of general local government provided the state shall fully document its determination in compliance with all requirements of paragraph (h)(4) of this section including the state's position with respect to each factor at paragraph (h)(5) of this section and such documentation shall be available for review by the public and by HUD. An exception may be granted after it is determined that such an exception will serve to further the purpose of the Act and the effective and efficient administration of the program or project of the state or unit of general local government as appropriate. An exception may be considered only after the state or unit of general local government, as

appropriate, has provided the following:

(i) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and

(ii) An opinion of the attorney for the state or the unit of general local government, as appropriate, that the interest for which the exception is sought would not violate state or local law.

(5) *Factors to be considered for exceptions.* In determining whether to grant a requested exception after the requirements of paragraph (h)(4) of this section have been satisfactorily met, the cumulative effect of the following factors, where applicable, shall be considered:

(i) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project which would otherwise not be available;

(ii) Whether an opportunity was provided for open competitive bidding or negotiation;

(iii) Whether the person affected is a member of a group or class of low or moderate income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;

(iv) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decisionmaking process with respect to the specific assisted activity in question;

(v) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (h)(3) of this section;

(vi) Whether undue hardship will result either to the State or the unit of general local government or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and

(vii) Any other relevant considerations.

(i) *Closeout of grants to units of general local government.* The State shall establish requirements for timely closeout of grants to units of general local gov-

ernment and shall take action to ensure the timely closeout of such grants.

(j) *Change of use of real property.* The standards described in this section apply to real property within the unit of general local government's control (including activities undertaken by subrecipients) which was acquired or improved in whole or in part using CDBG funds in excess of the threshold for small purchase procurement (24 CFR 85.36, "Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments"). These standards shall apply from the date CDBG funds are first spent for the property until five years after closeout of the unit of general local government's grant.

(1) A unit of general local governments may not change the use or planned use of any such property (including the beneficiaries of such use) from that for which the acquisition or improvement was made, unless the unit of general local government provides affected citizens with reasonable notice of and opportunity to comment on any proposed change, and either:

(i) The new use of the property qualifies as meeting one of the national objectives and is not a building for the general conduct of government; or

(ii) The requirements in paragraph (j)(2) of this section are met.

(2) If the unit of general local government determines, after consultation with affected citizens, that it is appropriate to change the use of the property to a use which does not qualify under paragraph (j)(1) of this section, it may retain or dispose of the property for the changed use if the unit of general local government's CDBG program is reimbursed or the state's CDBG program is reimbursed, at the discretion of the state. The reimbursement shall be in the amount of the current fair market value of the property, less any portion of the value attributable to expenditures of non-CDBG funds for acquisition of, and improvements to, the property, except that if the change in use occurs after grant closeout but within 5 years of such closeout, the unit of general local government shall
