Important Information

Our plans group each medication into a tier. The number of tiers may vary based on the plan you choose. You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Through this document you will see the "◊" symbol. Services with this symbol may require prior authorization from the plan before you receive the services from network providers. If you do not get a prior authorization when required, you may have to pay out-of-network cost-sharing, even though you received services from a network provider. Please contact your doctor or refer to the "Evidence of Coverage (EOC)" for more information about services that require a prior authorization from the plan.

This plan does not have a prescription drug deductible.

Initial Coverage Stage

You begin in this stage when you fill your first prescription of the year.

During this stage, the plan pays its share of the cost of your drugs, and you pay your share of the cost (your copayment or coinsurance amount). You stay in the Initial Coverage Stage until your total out-of-pocket costs reach **$2,000**. You then move on to the Catastrophic Coverage Stage. You may get your drugs at network retail pharmacies and mail order pharmacies.

See Evidence of Coverage for details.	**Standard Retail (31-day supply)**	**Standard Retail (90 to 100-day supply)**	**Mail Order (90 to 100-day supply)**

You won't pay more than $35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

Catastrophic Coverage Stage

You enter the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **$2,000** limit for the calendar year. During the Catastrophic Coverage Stage, you pay nothing for your covered Part D drugs. You will stay in this payment stage until the end of the calendar year.

Additional Drug Coverage

- Please call us or see the plan's "*Evidence of Coverage*" on our website (**www.floridablue.com/medicare/forms**) for complete information about your costs for covered drugs. If you request and the plan approves a formulary exception, you will pay Tier 4 (Non-Preferred Drug) cost-sharing.

- Your cost-sharing may be different if you use a Long-Term Care (LTC) pharmacy, a home infusion pharmacy, or an out-of-network pharmacy, or if you purchase a long-term supply (up to 90 days) of a drug.
- Our plan covers most Part D vaccines at no cost to you including shingles, tetanus and travel vaccines.
