RE: Reflections ALF Major Site Plan (2003070312-75272 / SP-MA-15-11-32)

Dear Mr. Boling

I am writing this letter requesting an extension of 90 days of our site plan approval dated October 22, 2015, with an expiration date of October 22, 2017.

We are in the process of completing our application for financing, and gathering the balance of all requirements for the site plan approval.

We had our first meeting with the Indian River County Building and Fire Department, with a complete set of building plans, for a heads up on the plans.

Sincerely

A handwritten signature in black ink, appearing to read "Thomas F. Scott", written over a horizontal line.
