Ann Marie,

Good afternoon!

As you may be aware, the make-up of the Indian River County Children's Services Advisory Committee was recently modified by the Board of County Commissioners. Per the changes, the Hospital District will now have a representative on the Children's Services Advisory Committee. County staff is looking to try and work on updating the committee over the summer. So please let us know who would be the representative from the District.

I would be happy to discuss.

Thank you!

Dylan
