The Recipient shall perform the work in accordance with the Scope of Work, Attachment B of this Agreement.

(7) PERIOD OF AGREEMENT

(8) FUNDING

- a. This is a fixed-fee Agreement, subject to the availability of funds.
- b. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature, and subject to any modification in accordance with either Chapter 216, Florida Statutes, or the Florida Constitution.
- c. The Division will pay the Recipient only for the successful completion of each deliverable. The maximum payment amount for each deliverable is outlined in Attachment A of this Agreement ("Budget"). The maximum payment amount for the entirety of this Agreement is **\$3,143.00**.
- d. The Division will review any request for payment by comparing the documentation provided by the Recipient against a performance measure, outlined in Attachment C, which clearly delineates:
 - i. The required minimum acceptable level of service to be performed; and,
 - ii. The criteria for evaluating the successful completion of each deliverable.
- e. The Division's Grant Manager, as required by Section 215.971(2)(c), Florida Statutes, shall reconcile and verify all funds received against all funds expended during the period of agreement and produce a final reconciliation report. The final report must identify any funds paid in excess of the expenditures incurred by the Recipient.
- f. For the purposes of this Agreement, the term "improper payment" means or includes:
 - i. Any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements; and,
 - ii. Any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.
- g. As required by the Reference Guide for State Expenditures, reimbursement for travel must be in accordance with section 112.061, Florida Statutes, which includes submission of the claim on the approved state travel voucher.

(9) RECORDS

a. As a condition of receiving state financial assistance, and as required by sections 20.055(6)(c) and 215.97(5)(b), Florida Statutes, the Division, the Chief Inspector General of the State of Florida, the Florida Auditor General, or any of their authorized representatives, shall enjoy the right of access to any documents, financial statements, papers, or other records of the Recipient which are pertinent to this Agreement, in order to make audits, examinations, excerpts, and transcripts. The right of access also includes timely and reasonable access to the Recipient's personnel for the purpose of interview and discussion related to such documents. For the purposes of this section, the term "Recipient" includes employees or agents, including all subcontractors or consultants to be paid from funds provided under this Agreement.

b. The Recipient shall maintain all records related to this Agreement for the period of time specified in the appropriate retention schedule published by the Florida Department of State. Information regarding retention schedules can be obtained at: <http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>.

c. Florida's Government in the Sunshine Law (Section 286.011, Florida Statutes) provides the citizens of Florida with a right of access to governmental proceedings and mandates three, basic requirements: (1) all meetings of public boards or commissions must be open to the public; (2) reasonable notice of such meetings must be given; and, (3) minutes of the meetings must be taken and promptly recorded. The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the open government requirements. However, the Government in the Sunshine Law applies to private entities that provide services to governmental agencies and that act on behalf of those agencies in the agencies' performance of their public duties. If a public agency delegates the performance of its public purpose to a private entity, then, to the extent that private entity is performing that public purpose, the Government in the Sunshine Law applies. For example, if a volunteer fire department provides firefighting services to a governmental entity and uses facilities and equipment purchased with public funds, then the Government in the Sunshine Law applies to board of directors for that volunteer fire department. Thus, to the extent that the Government in the Sunshine Law applies to the Recipient based upon the funds provided under this Agreement, the meetings of the Recipient's governing board or the meetings of any subcommittee making recommendations to the governing board may be subject to open government requirements. These meetings shall be publicly noticed, open to the public, and the minutes of all the meetings shall be public records, available to the public in accordance with Chapter 119, Florida Statutes.

d. Florida's Public Records Law provides a right of access to the records of the state and local governments as well as to private entities acting on their behalf. Unless specifically exempted from disclosure by the Legislature, all materials made or received by a governmental agency (or a private entity acting on behalf of such an agency) in conjunction with official business which are used to perpetuate, communicate, or formalize knowledge qualify as public records subject to public inspection.

The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the public record requirements. However, when a public entity delegates a public function to a private entity, the records generated by the private entity's performance of that duty become public records. Thus, the nature and scope of the services provided by a private entity determine whether that entity is acting on behalf of a public agency and is therefore subject to the requirements of Florida's Public Records Law.

e. The Recipient shall maintain all records for the Recipient and for all subcontractors or consultants to be paid from funds provided under this Agreement, including documentation of all program costs, in a form sufficient to determine compliance with the requirements and objectives of the Scope of Work - Attachment B - and all other applicable laws and regulations.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: (850) 815-4156, Records@em.myflorida.com, or 2555 Shumard Oak Boulevard, Tallahassee, FL 32399.

(10) AUDITS

a. In accounting for the receipt and expenditure of funds under this Agreement, the Recipient shall follow Generally Accepted Accounting Principles ("GAAP"). As defined by 2 C.F.R. §200.49, GAAP "has the meaning specified in accounting standards issued by the Government Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB)."

b. When conducting an audit of the Recipient's performance under this Agreement, the Division shall use Generally Accepted Government Auditing Standards ("GAGAS"). As defined by 2 C.F.R. §200.50, GAGAS, "also known as the Yellow Book, means generally accepted government auditing standards issued by the Comptroller General of the United States, which are applicable to financial audits."

c. If an audit shows that all or any portion of the funds disbursed were not spent in accordance with the conditions of this Agreement, the Recipient shall be held liable for reimbursement to the Division of all funds not spent in accordance with these applicable regulations and Agreement provisions within thirty days after the Division has notified the Recipient of such non-compliance.

d. The Recipient shall have all audits completed by an independent auditor, which is defined in Section 215.97(2)(i), Florida Statutes, as "an independent certified public accountant licensed under chapter 473." The independent auditor shall state that the audit complied with the applicable

provisions noted above. The audits must be received by the Division no later than nine months from the end of the Recipient's fiscal year.

e. The Recipient shall send copies of reporting packages required under this paragraph directly to each of the following:

i. The Division of Emergency Management

OR

Office of the Inspector General
2555 Shumard Oak Boulevard

"Acceptable to the Division" means that the work product was completed in accordance with the Budget and Scope of Work.

A review shall be done for each function or activity in Attachment C to this Agreement, and reported in the quarterly report.

b. In addition to reviews of audits conducted in accordance with paragraph (10) AUDITS above, monitoring procedures may include, but not be limited to, on-site visits by Division staff, limited scope audits, or other procedures. The Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by the Division to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the period of agreement to ensure timely completion of all tasks.

(13) LIABILITY

a. Unless Recipient is a state agency or subdivision, as defined in Section 768.28, Florida Statutes, the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performed under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Division, but is an independent contractor.

b. Any Recipient which is a state agency or subdivision, as defined in Section 768.28, Florida Statutes, agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Florida Statutes. Nothing herein is intended to serve as a waiver of sovereign immunity by any party to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of this agreement.

(14) DEFAULT

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (15) REMEDIES. However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

a. If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

b. If material adverse changes occur in the financial condition of the Recipient at any time during the period of agreement, and the Recipient fails to cure this adverse change within thirty (30) days from the date written notice is sent by the Division.

c. If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

d. If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(15) REMEDIES

If an Event of Default occurs, then the Division shall, after thirty (30) calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty (30) days, exercise any one or more of the following remedies, either concurrently or consecutively:

a. Terminate this Agreement, provided that the Recipient is given at least thirty (30) days prior written notice of the termination. b. Begin an appropriate legal or equitable action to enforce performance of this Agreement;

ii. issue a written warning to advise that more serious measures may be taken if the situation is not corrected,

iii. advise the Recipient to suspend, discontinue or refrain from incurring costs for any activities in question or

iv. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

f. Exercise any other rights or remedies which may be available under law.

Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(16) TERMINATION.

a. The Division may terminate this Agreement for cause after thirty (30) days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

b. The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty (30) calendar days prior written notice.

c. The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of this Agreement.

d. In the event this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of this Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of this Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

If the Recipient subcontracts any of the work required under this Agreement, a copy of the unsigned subcontract must be forwarded to the Division for review and approval before it is executed by the Recipient. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the Division and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. Scope of Work

Purpose

On October 17, 1986, Congress enacted the Emergency Planning and Community Right to Know Act (EPCRA), also known as Title III of the Superfund Amendments and Reauthorization Act (SARA). EPCRA requires hazardous chemical emergency planning by Federal, State and local governments, Indian Tribes, and industry. Additionally, EPCRA required industry to report on the storage, use and releases of certain hazardous materials.

At the Federal level, the U.S. Department of Environmental Protection Agency (EPA) administers EPCRA.

At the state level, the Florida Division of Emergency Management (FDEM) serves as the lead agency responsible for oversight and coordination of the local planning efforts required by EPCRA. Chaired by the Director of FDEM, the State Emergency Response Commission for Hazardous Materials (SERC) serves as a technical advisor and information clearinghouse for state and federal hazardous materials programs. Additionally, the SERC conducts quarterly public meetings in varying locations throughout the state. Currently, SERC membership consists of 28 Governor-appointed individuals who represent the interests of state and local government, emergency services, industry and the environment.

At the district level, Regional Planning Councils (RPCs) each coordinate the activities of a Local Planning Committee (LEPC) that: (1) performs outreach functions to increase hazardous materials awareness; (2) collects data on hazardous materials stored within the geographical boundaries of the RPC; (3) develops hazardous materials emergency plans for use in responding to and recovering from a release or spill of hazardous or toxic substances; (4) submits hazardous materials emergency plans to the SERC for review; (5) provides the public with hazardous materials information upon request. LEPC membership consists of local professionals representing occupational categories such as firefighting, law enforcement, emergency management, health, environment, and/or transportation.

At the local level, each of Florida's 67 counties performs a hazards analysis (county may elect to contract to the RPC or qualified vendor). The county hazards analysis is used as input to the LEPC Emergency Response Plan for Hazardous Substances required under EPCRA and encompasses; identification of facilities and transportation routes of extremely hazardous substances (EHS); description of emergency response procedures; designation of a community coordinator and facility emergency coordinator(s) to implement the plan; outline of emergency notification procedures; description of how to determine the probable affected area and population by releases; description of local emergency equipment and facilities and the persons responsible for them; outline of evacuation plans; a training program for emergency responders; and, methods and schedules for exercising emergency response plans. This Agreement provides funding so that the Recipient, can assist in maintaining the capability necessary to perform the duties and responsibilities required by EPCRA. The recipient shall update the hazards analysis for all facilities listed in Attachment D, which have reported to the State Emergency Response Commission the presence of those specific Extremely Hazardous Substances designated by the U.S. Environmental Protection Agency in quantities above the Threshold Planning Quantity. The data collected under this Agreement will be used to comply with the planning requirements of the Superfund Amendments and Reauthorization Act of 1986, Title III, "Emergency Planning and Community Right-To-Know Act of 1986" and the Florida Emergency Planning and Community Right-To-Know Act, Florida Statutes, Chapter 252, Part II.

Requirements

- A. The Recipient shall submit a list of facilities within the geographical boundaries of the County listed on Attachment D that are suspected of not reporting to the State Emergency Response Commission the presence of Extremely Hazardous Substances in quantities above the Threshold Planning Quantity, as designated by the U. S. Environmental Protection Agency.
- B. The completed hazards analysis shall comply with the site-specific hazards analysis criteria outlined below for each facility listed in Attachment D. - (e) For each Extremely Hazardous Substance over TPQ, On the Physical State & Quantity tab check the appropriate boxes in the Physical State, Hazards and Health Effects fields (information on the above may be found by clicking on the Datasheet button which opens either the CAMEO Chemicals program or website.)

3. Vulnerability Analysis (**CAMEO*fm* Scenario Page**)

- (a) For each Extremely Hazardous Substance present over the Threshold Planning Quantity (TPQ), create a New Scenario page (if a Scenario page hasn't been created already) and enter the maximum amount in the largest container or interconnected containers in the Amount Released field of the Scenario Description tab.
- (b) On the Scenario page(s) Scenario Description tab, enter the concentration percentage in the Concentration field.
- (c) On the Scenario page(s) Scenario Description tab, enter the release duration in the Release Duration field as follows:

- (f) On the Scenario page(s) Scenario Description tab, rate the Risk, Consequences and Overall Risk of a release occurring at the facility on the bottom of the Scenario Page

(the Risk Assessment should be based upon the Extremely Hazardous Substance, previous release history, maintenance conditions etc.).

- (g) After entering the information noted above on the Scenario Description tab and clicking on the Estimate Threat Zone Radius button, *CAMEOfm* will automatically estimate the extent of the threat zone that may cause injury or death to human populations following a release.
