**SUBJECT:** Ranking of Firms for RFP 2019056 – Annual Contract for Motor and Pump Repair

---

**BACKGROUND:**

On behalf of the Department of Utility Services, Requests for Proposals (RFPs) were solicited to establish firm fixed pricing for inspection, evaluation and repair of various types of pumps, fans and motors utilized throughout the utility. The Department has been utilizing various piggyback contracts, but determined it would be more advantageous to have one or more vendors under direct contract. The term of award is three years at the same rates and terms, with the option of two additional one-year renewals.

**RFP RESULTS:**

**ANALYSIS:**

A selection committee comprised of John Boyer, P.E., Utilities Engineer, Terry Southard, Utility Operations Manager, Sean McFarland, Assistant Utility Operations Manager, Rich Meckes, Wastewater Plant Superintendent and Jerry Miller, Collection Supervisor independently evaluated and scored the received proposals in accordance with the RFP document and Purchasing Manual. Evaluation criteria included qualifications of the firm, qualifications of the project team, references, location, responsiveness, pricing and completeness of proposal. These scores were compiled by the committee and an overall initial ranking of firms developed. After discussions, the committee declared the initial ranking of firms to be final:

	Proposing Firm	Location
1.	Florida Armature Works	Kissimmee
2.	Kaman Industries	West Palm Beach
3.	Tampa Armature Works	Orlando
4.	Barney's Pumps	Lakeland

Staff is prepared to begin negotiations with the two top ranked firms and bring final agreements to the Board at a meeting in the near future.

**FUNDING:**

Pricing proposed and scored at a value of 5 points out of 100, is shown in the table below.

	Scope	Florida Armature Works	Kaman Industries	Tampa Armature Works	Barney's Pumps
1.	Trailer Service	\$0/hr	\$60/hr	\$0/hr	\$80/hr

In FY 17/18, expenditures on pump and motor repairs were \$99,048. \$17,000.00 is budgeted for the remainder of the current FY, with \$59,533 spent fiscal year to date on repairs. 47121836-044690	WW Treatment Sewage Plant Maintenance	\$8,927.75	\$5,000.00
