FDOT - Financial Management No. 437717-1, IRC-1822

DATE: December 23, 2019

DESCRIPTION AND CONDITIONS

On April 17, 2018 the Board approved Resolution 2018-039 supporting the Florida Department of Transportation (FDOT) to manage, construct, and deliver a bridge over the Indian River Farms Water Control District Lateral "C" Canal at the intersection of 8th Street and 74th Avenue.

The Florida Department of Transportation (FDOT) is authorized by Florida Statutes and Federal funding provisions to undertake projects within the limits of Indian River County. FDOT Financial Management (FM) No. 437717-1 authorizes funds to design and construct a bridge over the Lateral "C" canal, reconstruction of existing roadways and other related improvements at CR-612/8th Street and 74th Avenue.

The FDOT requires Indian River County Board of Commissioners approve a resolution endorsing the closure of the 8th Street Bridge for eight-months to replace the existing bridge structure.

FUNDING

FDOT will be funding this bridge project in its entirety. Indian River County funds will not be required for this project.

RECOMMENDATION

Staff recommends the Board of County Commissioners approve the Authorizing Resolution endorsing the closure of the 8th Street Bridge as part of FDOT Project No. 437717-1 and authorize the Chairman to execute the same.
