BACKGROUND

In order to comply with the State Division of Library Information Services State Aid Grant Application, the Indian River County Library System must have a Commission approved Long Range Plan on file with the State. The submitted Plan will run from 2023-2027.

DESCRIPTIONS AND CONDITIONS:

The Long Range Plan for the Libraries provides guidance and a vision for the future. In the Spring of 2022, a Library Survey was conducted to discover how our Indian River County Library System is doing and what we could be doing better. The Plan outlines four goals and the corresponding objectives and activities identified to support those goals. The four goals are: maintaining and enhancing library collections and online resources; establishing the library as a center of lifelong learning and personal enrichment in the community; developing and maintaining a knowledgeable, positive, customer service-oriented staff; and providing safe and welcoming spaces to meet, interact, read, and study.

FUNDING:

No funding is required.

RECOMMENDATION:

Staff respectfully requests the Board of County Commissioners approve Indian River County Library System Long Range Plan of Service 2023-2027.
