Interests & Experiences

Why are you interested in serving on a board or commission?

My main practice area is Real Estate Law, and I enjoy real estate because it's one of the deepest rooted constitutional rights in the United States. Additionally, Real Estate is unique compared with other areas of the law in that it's not just a concept, but rather something tangible, something that one can touch, something that is movable. I take great satisfaction assisting our real estate clients with their transactions, disputes, and issues, and I would like to be more involved in the community and have more of a voice by serving on the commission of planning and zoning.
