RE: Hazard Analysis Updates

The Florida Division of Emergency Management (DEM) has completed its review of the 2017/2018 Hazards Analysis updates. The evaluation indicates the analysis meet the criteria outlined in the contract. Please note that in order to fulfill all requirements of the contract, proof of distribution to the Local Emergency Planning Committee and proof of notification of the availability of the Hazards Analysis information to Section 302 facilities/response agencies and a final version of the data is required to be up-loaded to "SharePoint by June 30, 2018.
