Mr. Stan Boling, Community Development Director
Indian River County
Administration Building A

Vero Beach, Florida 32960-3388

Dear Mr. Boling:

**SUBJECT: FM#436848-1; Small County Outreach Program
Resurfacing of CR-611/45th Street from 58th Ave/CR-613 to SR-5/US-1**

Thank you for your February 7, 2017 letter regarding the above referenced project. Indian River County inquired about Small County Outreach Program (SCOP) funding eligibility to improve right of way owned by a Section 298 Water Control District.

SCOP, as defined in Florida Statute 339.2818, indicates that addressing road-related drainage improvements, resurfacing county roads, or constructing safety improvements are eligible for funding.

If the County can demonstrate that the improvements to the Water Control District right of way are consistent with the requirements above, the improvements could meet the SCOP program eligibility. The County needs to demonstrate the right to construct the improvements within the Water Control District's right of way prior to entering into a Joint Participation Agreement (JPA) with the Department.

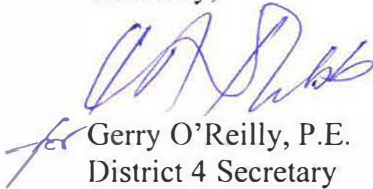

Currently, the Florida Department of Transportation has no additional SCOP funding available for this project, so any additional scope would be at the County's expense. The current programming is noted below.

FDOT contribution	
FY20: \$1,017,660	
FY21: \$264,899	
FDOT subtotal:	\$1,282,559
<u>County contribution:</u>	<u>\$427,520</u>
Total	\$1,710,079

We look forward to receiving an updated scope and estimate by April 20, 2017. Please ensure all elements in the application demonstrate consistency with the statute referenced above. If you have any questions or need any clarification, please contact Ms. Sabrina Aubery at (954) 777-4585 or sabrina.aubery@dot.state.fl.us.

Sincerely,

Gerry O'Reilly, P.E.
