RE: Floodplain Management Annual Progress Report (NFIP CRS Activity 510)

It is requested that this item be placed on the agenda of the Board of County Commissioner's regular meeting of April 23, 2019 for informational purposes.

DESCRIPTION AND CONDITIONS

As part of Indian River County's participation in the Community Rating System (CRS) of the National Flood Insurance Program (NFIP), the County is required to complete a floodplain management annual progress report (CRS Activity 510). Based on the results of the last NFIP audit, the County has maintained its Class 6 certification rating, resulting in a 20% discount to flood insurance premiums in the unincorporated county under the program. Attached is a copy of the annual progress report being submitted by staff to meet program requirements.

The County Unified Local Mitigation Strategy (LMS) currently serves as the County's Floodplain Management Plan under the CRS program. The attached report references the LMS and County floodplain management activities as they pertain to the County's participation in the CRS program, and verifies County compliance with program requirements.

RECOMMENDATION

This item is presented for informational purposes only; no action of the Board is requested or required.

ATTACHMENT

1. Floodplain Management Annual Progress Report.
