

Office of the
**INDIAN RIVER COUNTY
ADMINISTRATOR**

Jason E. Brown, County Administrator
Michael C. Zito, Assistant County Administrator

MEMORANDUM

TO: Members of the Board of County Commissioners

FROM: Jason E. Brown
County Administrator

DATE: December 30th, 2019

SUBJECT: 2020 Indian River County Legislative Priorities

BACKGROUND

The 2020 Florida Legislative Session begins on January 14th, 2020. Indian River County staff has put together a proposed legislative program which includes an appropriation for the North Sebastian Septic to Sewer program and policies related to biosolids, higher-speed passenger rail, recycling, and other relevant policy areas which affect Indian River County.

In addition to specific policy issues, the proposed legislative program contains a number of guiding principles as well as a policy statement directing opposition to any legislative action which takes away the home rule authority of local governments in Florida.

RECOMMENDATION

County staff recommends that the Board adopt the proposed 2020 Indian River County Legislative Priorities.
