

Indian River County, Florida  
Department of Utility Services  
Board Memorandum

**Date:** April 24, 2020  
**To:** Jason E. Brown, County Administrator  
**From:** Vincent Burke, PE, Director of Utility Services  
**Subject:** Minor Modifications to Septic Hauler Agreement for the Residuals Dewatering Facility

**Background/Analysis:**

On May 23, 2017, the Indian River County Board of County Commissioners (BCC) approved the Indian River County Department of Utility Services (IRCDUS) request to implement the Application and Agreement for Disposal of Septage, Food Establishment Sludge and Portable Restroom Wastewater (Agreement) with Indian River County Septage and Food Residual haulers that use the Indian River County Residuals Dewatering Facility (RDF). This agreement was modified and approved by the BCC on May 14, 2019.

IRCDUS has made a couple of minor changes to the agreement, as follows:

Modifications to the Agreement

Requirements of Acceptance Section:

- Change to #4 – The Central Wastewater Treatment Facility (Central) and its address was added to the places that deliveries will be accepted. Central accepts portable wastewater only.

Disposal Procedures Section:

- Change to #1 and #2 – Clarification was provided in each one where the RDF and Central are located, their opening days and hours, and the holidays they are closed.

**Recommendation:**
