**Attachments:** Darker Skies Darker Beaches Agreement.docx

Congratulations!

Your organization has been chosen as one of five to receive a ready-made traveling trunk that you will be able to offer to your local school districts. We are so excited to work with you and get you everything you need for the program. We will be reaching out to you very soon to set up a day where we can deliver the trunk to you and go over the program. Please expect delivery prior to August 1st.

Attached is the program agreement form. Please take a close look and if you agree to all the terms, sign, and scan back to me. Thank you for applying and helping us spread this message all across Florida. Have a great day!
