TO: Members of the Board of County Commissioners

DATE: April 25, 2025

SUBJECT: Food Truck Ordinance

FROM: Chairman Joseph E. Flescher  
Commissioner, District 2

---

I respectfully request an open discussion with my fellow Commissioners regarding the presence and operation of food trucks within Indian River County. The purpose of this discussion is to explore potential improvements that could better serve our residents and local businesses.

This may include providing direction to staff to conduct research, review existing ordinances, county codes, relevant regulations, and bring back recommendations for possible updates or enhancements on county code.
