CONFERENCE HIGHLIGHTS

Welcome to the 2019 Annual Policy Conference Brochure and Program

FSBPA is pleased to announce our 2019 policy program featuring discussions on a wide array of interesting and relevant beach topics. At the top of our highlight reel, coastal management policies and future initiatives affecting Florida's beaches will be addressed by Keynote speaker Senator Debbie Mayfield and beach champion Representative Chip LaMarca. Federal and State agency leaders will share in-depth discussions on project funding and post-hurricane response and recovery activities. Invited speakers will present the latest information on legal cases, intensifying coastal storms, effective communication strategies, and coastal resiliency strategies. And, we are delighted to welcome several new and engaging speakers to our program.

As tradition holds, attendees are invited to the Association's time - honored banquet on Thursday evening (September 19th) to congratulate our esteemed colleagues and peers who have been selected for their outstanding service in beach preservation and coastal management efforts. Overall, attendees can expect informative presentations from start to finish and should make plans to attend the full conference. The FSBPA team hopes you are planning to join us to make this a truly extraordinary event!

Program Features:

- ★ A dynamic welcome from Martin County
- ★ Hurricane Michael and response and recovery efforts
- ★ Commanders' updates from the U.S. Army Corps of Engineers
- ★ Comprehensive update on the Bipartisan Budget Act of 2019 and the Hurricane Michael Supplemental Bill
- ★ Overview from NOAA on their red tide research efforts
- ★ Coastal resiliency and SLR adaption strategies
- ★ Legal discussions about Amendment 1 (Land Acquisition Trust Fund) and other coastal cases
- ★ The amazing atmosphere of Martin County, especially its beaches
