

INDIAN RIVER COUNTY, FLORIDA

MEMORANDUM

TO: Jason E. Brown, County Administrator

FROM: Richard B. Szpyrka, P.E., Public Works Director

SUBJECT: Two-Year Extension of Hurricane Debris Removal Contract
For Ceres Environmental Services, Inc.

DATE: February 12, 2018

DESCRIPTION AND CONDITIONS

On April 5, 2016 Indian River County entered into a Contract Agreement with Ceres Environmental Services, Inc. and Ashbritt Environmental for hurricane debris removal and disposal. The Agreement included provisions for renewal of the contracts for up to three (3) additional terms of twelve (12) months each on the same terms and conditions. On March 21, 2017 both contracts were extended for the first twelve (12) month renewal. The first renewal of the contracts will expire on April 4, 2018.

At this time we would like to implement renewal of both the second and third extension with Ceres Environmental Services, Inc. for hurricane debris removal and disposal. We request approval to extend the remaining renewal period from the date of approval of this Second Amendment until April 4, 2020.

The contract allows for a consumer price increase (CPI) increase. Ceres Environmental Services, Inc. has requested an increase for this renewal period and a CPI increase of 1.6% is included in the contract extension. This will be a single 1.6% increase for the extension period.

FUNDING

Local funding for debris cleanup is provided by Solid Waste Disposal District reserves. In the event of a Federally Declared disaster, the County would apply for funding from FEMA and FHWA, with the local match provided by SWDD.

RECOMMENDATIONS

Staff recommends that the Board of County Commissioners approve the extension of the debris removal agreement and authorize the County Administrator to execute the extension upon review and approval of the County Attorney and review and approval by all applicable staff.
