Dear Board of Directors,

I would like to become a board member for the Head Start program. I am currently working with the Healthy Start program in St. Lucie County. I have enjoyed working with the mothers to ensure they have a healthy pregnancy as well as a healthy baby. Seeing the parents grow as the newborn grows allows me to know that I have made an impact on their lives.

I educate moms during the prenatal and postnatal stages of their pregnancy as well as on the developmental milestones of their babies. The families are kept in our program up to one year. We previously kept families up to three years in order to prepare them for your program.

As a board member, I would be able to bring the knowledge I have from this program and incorporate it with the Head Start program to continue to help parents grow as their children grow with this wonderful program. I would make sure that the parents and children get all that is available to them through the Head Start program.

Thank you for your consideration

Jeanette Anderson
