Chief Stone,

As you know, Local 2201 has conducted three days of ratification voting for the tentatively agreed to contract we both have negotiated these previous months.

We are happy to inform you that our membership has voted to ratify this agreement.

We look forward to the Indian River County Board of County Commissioners ratifying this agreement as well.

If there is anything else we can do to assist this process, please just let us know.

Sincerely,

Kevin Delashmutt, Vice President
On behalf of President O'Connor.
