DATE: January 25, 2017

SUBJECT: Road Diet Webinar & Live Courses

FROM: Peter O'Bryan  
Commissioner, District 4 

---

The University of Florida Transportation Institute is offering a two-part Road Diet course, targeted to all transportation engineers and planners, pedestrian & bicycle and Safe Routes to School program coordinators, local police, fire, EMS and transit personnel, and community leaders. Details are on the attached flyer.

# ROAD DIET WEBINAR & LIVE COURSES

A roadway reconfiguration known as a Road Diet offers several high-value improvements at a low cost when applied to traditional four-lane undivided highways. In addition to low cost, the primary benefits of a Road Diet include enhanced safety, mobility and access for all road users and a "complete streets" environment to accommodate a variety of transportation modes.

Target Audience: All transportation engineers and planners, pedestrian & bicycle and Safe Routes to School program coordinators, local police, fire, EMS and transit personnel, community leaders.

To take this course:

This is a two-part course: 1) the webinar is a prerequisite and 2) a live course at one of three locations. The webinar will take place from 9:30 to 11:00 am. If you are not able to make the date/time for the webinar a recorded link will be available.

To register go to the Course Calendar at:
