General Information

Ad Valorem property tax exemptions can be granted to new and expanding businesses only after the voters of a city and/or county vote in a referendum to allow that city or county to grant exemptions. Section 196.1995, Florida Statutes, requires that a referendum be held if: (1) The Board of County Commissioners or governing authority of a municipality (city or county commission) votes to hold such a referendum, or (2) if the county or city commission receives a petition signed by ten percent of the registered voters of the county or city. This referendum question can then be placed before the voters of a city or county at any regular election or special election called for voting on the tax incentive referendum or for any other purpose.

If the voters authorize exemptions, a company must first meet the definitions of a new or expanding business as stated in s. 196.012 (15) and (16), F.S.

The expansion must be on the same or a collocated site of the business current operations.

If a business meets one of the above definitions as a new or expanding business, it must then file this application with the county or city commission or both.

After the city or county commission receives this application, it must submit the application to the county property appraiser for review. After the property appraiser makes the report as to the fiscal impact of granting the exemption, the county or city commission shall then adopt an ordinance in the usual manner-granting the exemption, if it chooses to do so.

A business cannot receive exemption from school taxes or water management district taxes. Also a business must pay taxes that were voted by the voters of a city or county to pay for bond issues and other special tax levies authorized by the voters of a city or county.

The exemption can only be for the improvements to the real property and for tangible personal property. The land on which the new or expanding business is to be located will still be taxed and taxes must be paid on it.

The action taken by a city or county commission can only exempt the taxes paid to that governmental body. A city can only exempt its taxes; a county can only exempt its taxes. All other taxes must be paid.

Statutory Definitions

Section 196.011 Annual application required for exemption.—

(1)(a) Every person or organization who, on January 1, has the legal title to real or personal property, except inventory, which is entitled by law to exemption from taxation as a result of its ownership and use shall, on or before March 1 of each year, file an application for exemption with the county property appraiser, listing and describing the property for which exemption is claimed and certifying its ownership and use. The Department of Revenue shall prescribe the forms upon which the application is made. Failure to make application, when required, on or before March 1 of any year shall constitute a waiver of the exemption privilege for that year, except as provided in subsection (7) or subsection (8).

Section 196.012(15) and (16), Florida Statutes

(15) "New business" means:

3. An office space in this state owned and used by a corporation newly domiciled in this state; provided such office space houses 50 or more full-time employees of such corporation; provided that such business or office first begins operation on a site clearly separate from any other commercial or industrial operation owned by the same business.

(b) Any business located in an enterprise zone that increases operations on a site collocated with a commercial or industrial operation owned by the same business.

Section 196.1995 Economic development ad valorem tax exemption.—

(6) With respect to a new business as defined by s. 196.012(15)(c), the municipality annexing the property on which the business is situated may grant an economic development ad valorem tax exemption under this section to that business for a period that will expire upon the expiration of the exemption granted by the county. If the county renews the exemption under subsection (7), the municipality may also extend its exemption. A municipal economic development ad valorem tax exemption granted under this subsection may not extend beyond the duration of the county exemption. **Section 220.15(5), Florida Statutes.**

(5) The sales factor is a fraction the numerator of which is the total sales of the taxpayer in this state during the taxable year or period and the denominator of which is the total sales of the taxpayer everywhere during the taxable year or period.

(a) As used in this subsection, the term "sales" means all gross receipts of the taxpayer except interest, dividends, rents, royalties, and gross receipts from the sale, exchange, maturity, redemption, or other disposition of securities. However:

2. When citrus fruit is delivered by a cooperative for a grower-member, by a grower-member to a cooperative, or by a grower-participant to a Florida processor, the sales factor for the growers for such citrus fruit delivered to such processor shall be the same as the sales factor for the most recent taxable year of that processor. That

sales factor, expressed only as a percentage and not in terms of the dollar volume of sales, so as to protect the confidentiality of the sales of the processor, shall be furnished on the request of such a grower promptly after it has been determined for that taxable year.

3. Reimbursement of expenses under an agency contract between a cooperative, a grower-member of a cooperative, or a grower and a processor is not a sale within this state.

6. Rents from real or tangible personal property located in this state; or

7. Any other gross income, including other interest, resulting from the operation as a financial organization within this state.

In computing the amounts under this paragraph, any amount received by a member of an affiliated group (determined under s. 1504(a) of the Internal Revenue code, but without reference to whether any such corporation is an "includable corporation" under s. 1504(b) of the Internal Revenue code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

- **Definition**

- (5) The sales factor is a fraction the numerator of which is the total sales of the taxpayer in this state during the taxable year or period and the denominator of which is the total sales of the taxpayer everywhere during the taxable year or period.
- (a) As used in this subsection, the term “sales” means all gross receipts of the taxpayer except interest, dividends, rents, royalties, and gross receipts from the sale, exchange, maturity, redemption, or other disposition of securities. However:
1. Rental income is included in the term if a significant portion of the taxpayer’s business consists of leasing or renting real or tangible personal property; and
 2. Royalty income is included in the term if a significant portion of the taxpayer’s business consists of dealing in or with the production, exploration, or development of minerals.
- (b)
1. Sales of tangible personal property occur in this state if the property is delivered or shipped to a purchaser within this state, regardless of the f.o.b. point, other conditions of the sale, or ultimate destination of the property, unless shipment is made via a common or contract carrier. However, for industries in NAICS National Number 311411, if the ultimate destination of the product is to a location outside this state, regardless of the method of shipment or f.o.b. point, the sale shall not be deemed to occur in this state. As used in this paragraph, “NAICS” means those classifications contained in the North American Industry Classification System, as published in 2007 by the Office of Management and Budget, Executive Office of the President.
 2. When citrus fruit is delivered by a cooperative for a grower-member, by a grower-member to a cooperative, or by a grower-participant to a Florida processor, the sales factor for the growers for such citrus fruit delivered to such processor shall be the same as the sales factor for the most recent taxable year of that processor. That sales factor, expressed only as a percentage and not in terms of the dollar volume of sales, so as to protect the confidentiality of the sales of the processor, shall be furnished on the request of such a grower promptly after it has been determined for that taxable year.
 3. Reimbursement of expenses under an agency contract between a cooperative, a grower-member of a cooperative, or a grower and a processor is not a sale within this state.
- (c) Sales of a financial organization, including, but not limited to, banking and savings institutions, investment companies, real estate investment trusts, and brokerage companies, occur in this state if derived from:
1. Fees, commissions, or other compensation for financial services rendered within this state;

Appendix F (continued)

2. Gross profits from trading in stocks, bonds, or other securities managed within this state;
3. Interest received within this state, other than interest from loans secured by mortgages, deeds of trust, or other liens upon real or tangible personal property located without this state, and dividends received within this state;
4. Interest charged to customers at places of business maintained within this state for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts;
5. Interest, fees, commissions, or other charges or gains from loans secured by mortgages, deeds of trust, or other liens upon real or tangible personal property located in this state or from installment sale agreements originally executed by a taxpayer or the taxpayer's agent to sell real or tangible personal property located in this state;
6. Rents from real or tangible personal property located in this state; or
7. Any other gross income, including other interest, resulting from the operation as a financial organization within this state.

In computing the amounts under this paragraph, any amount received by a member of an affiliated group (determined under s. 1504(a) of the Internal Revenue Code, but without reference to whether any such corporation is an "includable corporation" under s. 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.
