Arjuna,

SJRWMD staff agrees that the County has satisfactorily completed the construction activities listed in items 1-4 of the Mitigation Plan for Well interference at the Van Antwerp property dated April 25, 2018, as required to comply with the County's Consumptive Use Permit # 10524-9.

Thank you,

Mark,

Could you please address Callie's first question

Callie,

Since the District has been intimately involved with the mitigation plan from the onset of this project, at a minimum would need at least an email from the District to the satisfactory completion of the project to recommend final payment to AWE.
