BOARD OF COUNTY
COMMISSIONERS

RE: Roads and Bridges maintenance of Morningside Dr

It is our pleasure as a neighborhood to report on the work done by roads and bridges to rectify the flooding on our road.

We all got to know Rick Szpyrka, Clint Kirkland, Will Scott and Jeff Hoffman and just can't say enough positive things about how they tackled a tough job and went the extra mile to do it right.

We know you hear all the complaints and wanted to share a positive story with you. Thank you to the professionals of roads and bridges from a grateful Morningside Dr. community.
