

**Indian River County, Florida
Department of Utility Services
Board Memorandum**

Date: October 30, 2019
To: Jason E. Brown, County Administrator
From: Vincent Burke, PE, Director of Utility Services
Prepared By: John M. Boyer, P.E., Utilities Engineer
Subject: Utility Work by Highway Contractor Agreement with FDOT for the Adjustment of Valve Boxes and Manhole Rims on Highway A1A

Background:

Florida Department of Transportation (FDOT) is planning to resurface a portion of Highway A1A/Tides Road from North of SR 60 to North of CR 510. The subject project is scheduled to begin in the spring of 2020. The county’s existing water, sewer and reuse valve boxes and manhole rims will be in conflict with the proposed roadway improvements and will need to be adjusted.

Analysis:

Indian River County Department of Utility Services staff is of the opinion that the subject work be performed by the same contractor doing the roadway improvements. Therefore, staff requested FDOT prepare an agreement where the utility relocation/adjustment work will also be performed by the prospective highway contractor. Section 3 of the agreement states the initial estimate of the cost of the utility work is \$21,745.00.

Funding:

Funding for the utility valve box and manhole rim adjustment is available in the Renewal and Replacement budget in the Utilities operating fund. The Utilities operating fund budget is derived from water and sewer revenues.

Description	Account Number	Amount
A1A Valve Adjustments	47123536-044699-20503	\$21,745.00

Recommendation:

Staff recommends the adoption of the Resolution regarding Utility Work by Highway Contractor Agreement for the Relocation/Adjustment of Water, Sewer and Reuse Valve Boxes and Manhole Rims for the FDOT Project #438042-1 Highway A1A/Tides Road from North of SR 60 to North of CR 510 and approval of the FDOT – Utility Work by Highway Contractor Agreement.
