Indian River County, Florida
Engineer's Project Number: 24-0034

Dear Ms. Thurman,

Please consider this our formal request for a continuance of this matter from the November 19, 2024, Board of County Commission to the January 14, 2025, meeting. There were unforeseen circumstances that will prevent my client from being able to be present at the November 19th agenda. I realize at the meeting, the Board will have to consider the continuance request and I will emphasize the delay is from our side of the equation. I will be in attendance on November 19th to address the Board but respectfully request a continuance in this matter.

Sincerely,

Rebecca Grohall, AICP
Project Manager
