

**INDIAN RIVER COUNTY
BOARD OF COUNTY COMMISSIONERS**

INTER-OFFICE MEMORANDUM

TO: Members of the Board of County Commissioners

DATE: June 13, 2018

SUBJECT: Blue Cypress Lake and Biosolids

FROM: Commissioner Bob Solari

As previously mentioned, a recent Orlando Sentinel article reported some potentially bad news. The article reported: “authorities have documented a surprising spike in contamination at the large lake (Blue Cypress Lake)...” A SJRWMD scientist was quoted: “One of the things that jump out at you is the utilization of biosolids.”

Chairman O’Bryan and I both attended the June 8 Biosolids Summit held by the IRL Council and TCRPC. I would like to discuss this and related issues with the BCC and some possible options going forward.

Thank you.
