2. As access to water provides an equal benefit to each property served, the assessment will be equal per parcel.

RESOLUTION NO. 2017-_____

3. The estimated cost for the Improvements is \$881,250.00 or \$6,250.00 per parcel to be paid by the properties specially benefited as shown on the assessment plat on file with the Department of Utility Services and the Clerk to the Board. Assessments are to be levied against all lots and lands adjoining and contiguous or bounding and abutting upon the Improvements or specially benefited thereby and further designated by the assessment plat with respect to the special assessments.
4. A special assessment in the amount of \$6,250.00 per parcel may be assessed against each of the specially benefited properties designated on the assessment plat on file with the Clerk to the Board. This special assessment may be raised or lowered by action of the Board of County Commissioners serving as the equalizing board at the public hearing, as set forth in Section 206.07 of The Code of Indian River County.
5. The special assessments shall be due and payable and may be paid in full within 90 days after the date of the as-built resolution of the Board with respect to credits against the special assessments after completion of the Improvements (the "Credit Date") without interest. If not paid in full, the special assessments may be paid in ten equal yearly installments of principal plus interest. If not paid when due, there shall be added a penalty of 1-1/2% of the principal not paid when due. The unpaid balance of the special assessments shall bear interest until paid at a rate to be determined by the Board of County Commissioners when the Improvements are completed.
6. There is presently on file with the Department of Utility Services an assessment plat showing the area to be assessed, plans and specifications for the Improvements and an estimate of the cost of the proposed Improvements. All of these are open to inspection by the public at the Department of Utility Services.
7. A proposed preliminary assessment roll with respect to the special assessments is on file with the Clerk to the Board and Department of Utility Services.
8. Upon the adoption of this resolution, the Department of Utility Services shall cause this resolution (along with a map showing the areas to be served) to be published at least one time in the Indian River Press Journal before the public hearing as required by Section 206.04 of The Code of Indian River County.
