

AMENDMENT 1 TO WORK ORDER 16

Bridge Repairs for C.R. 512 bridges over the St. Sebastian River Project Number: IRC-1727

This Amendment 1 Work Order Number 16 is entered into as of this ____ day of _____, 2020, pursuant to that certain Continuing Consulting Engineering Services Agreement for Professional Services entered into as of this 17th day of April, 2018 (collectively referred to as the "Agreement"), by and between INDIAN RIVER COUNTY, a political subdivision of the State of Florida ("COUNTY") and Kimley-Horn and Associates, Inc. ("Consultant").

1. The COUNTY has selected the Consultant to perform the professional services set forth in existing Work Order Number 16, Effective Date July 2, 2019.
2. The COUNTY and the Consultant desire to amend this Work Order as set forth on Exhibit A (Scope of Work) attached to this Amendment and made part hereof by this reference. The professional services will be performed by the Consultant for the fee schedule set forth in Exhibit B (Fee Schedule), and within the timeframe more particularly set forth in Exhibit C (Time Schedule), all in accordance with the terms and provisions set forth in the Agreement.
3. From and after the Effective Date of this Amendment, the above-referenced Work Order is amended as set forth in this Amendment. Pursuant to paragraph 1.4 of the Agreement, nothing contained in any Work Order shall conflict with the terms of the Agreement and the terms of the Agreement shall be deemed to be incorporated in each individual Work Order as if fully set forth herein.

EXHIBIT A – SCOPE OF WORK

CR 512 Bridge Repairs

The COUNTY desires the Consultant to provide post design services to support the structural and roadway repairs associated with the CR 512 bridges over the Sebastian River.

A. Post Design Services:

During the Construction Phase, the Consultant will assist the COUNTY to provide design clarifications and design field changes, as necessary. The scope of services contemplated to be provided within the Construction Phase Services consists of the following:

- Attend pre-construction meeting.
- At the request of the County, the Project Engineer will be onsite to observe the construction by the Contractor. During site visits, the Consultant will notify the COUNTY with any observed discrepancies between the design intent and the contractor's activities.
- The Consultant will provide Contract Document interpretation and address RFI's from the Contractor.
- The Consultant will review the Contractor's Shop Drawings for approval (or rejection.).
- The Consultant will review Change Orders, provide Field Orders and Work Orders, as determined necessary.
- The Consultant will perform substantial completion inspection and one final inspection of the construction project. The substantial completion inspection will include preparation of a substantial completion form with an attached punch list of items to be completed prior to final completion
- Once construction is substantially complete and the contractor has submitted as-built construction drawings, The Consultant will review and prepare Record Drawings based on the contractor's as-built drawings to indicate field changes made by the contractor and shown on the as-built drawings and will follow County's requirements.
