

**INDIAN RIVER COUNTY, FLORIDA**

**M E M O R A N D U M**

---

**TO:** Jason E. Brown; County Administrator

**THROUGH:** Phillip J. Matson, AICP; Community Development Director  
Brian Freeman, AICP; MPO Staff Director

**FROM:** Jon Howard; Senior Transportation Planner

**DATE:** October 23, 2022

**SUBJECT:** Approval of a Public Transportation Grant Agreement (PTGA) with the Florida Department of Transportation (FDOT) for a Section 5311 CRRSAA Grant

---

It is requested that the information herein presented be given formal consideration by the Board of County Commissioners at its regular meeting of November 1, 2022.

**DESCRIPTION & CONDITIONS**

Each year, Indian River County receives transit operating assistance under 49 USC Ch. 53, FTA Section 5311 (also known as the Formula Grants for Rural Areas program) through the Florida Department of Transportation (FDOT). These grant funds have been passed through to the Senior Resource Association (SRA), Indian River County's designated transit service provider.

According to federal regulations, Formula Grants for Rural Areas funds may be used to provide transit service to rural or small urban areas. Such transit service includes fixed route service (GoLine) and demand-response service (Community Coach).

At this time, FDOT has allocated \$364,412 in FTA Section 5311 funds from the Coronavirus Response and Relief Supplemental Appropriation Act (CRRSAA). In this case, the grant has no federal match requirement for operating assistance. No additional local funds are necessary.

While Section 5311 funds are federal grant funds, FDOT administers the Section 5311 program within the state of Florida. In order to receive these funds, the BCC must enter into a Public Transportation Grant Agreement (PTGA) with FDOT, a copy of which is attached to this staff report (Attachment 2).

## **ANALYSIS**

The County receives most of its transit funding through the federal Section 5307 (Urban Area) grant program. Because a portion of Indian River County is designated as rural, the County is also eligible to receive transit funding through the Section 5311 (Rural Area) grant program.

The attached resolution (Attachment 1) authorizes the Chairman of the Board of County Commissioners to execute the PTGA for Formula Grants for Rural Areas funds. Upon the Board's adoption of the resolution and the Chairman's execution of the PTGA, County staff will transmit the PTGA to FDOT. Once the PTGA has been executed by FDOT, the funds will be transmitted to the County and passed along to the Senior Resource Association (SRA), the County's public transportation provider, so that the SRA can continue providing fixed route and demand-response transit service to rural areas of the county. The provision of such service is consistent with the findings of the MPO's adopted 10-year Transit Development Plan and 2045 Long Range Transportation Plan.

## **FUNDING**

Through this grant, the County will receive \$364,412 in federal transit operating assistance, with no local match required for the CRRSAA funds. Funding for the grant will be appropriated to General Fund/Community Transportation/Cares Act-Section 5311-SRA.

## **RECOMMENDATION**

Staff recommends that the Board of County Commissioners approve the Public Transportation Grant Agreement and adopt the resolution authorizing the Chairman to sign the agreement.
