1 A bill to be entitled 2 An act relating to the Florida Building Commission; 3 amending s. 553.73, F.S.; requiring the commission to 4 use the most recent published edition of the Florida 5 Building Code as the foundation code; requiring the 6 commission to review, rather than update, the Florida 7 Building Code every 3 years; deleting a provision that 8 specifies how long amendments or modifications to the foundation code remain effective; deleting a provision 9 10 prohibiting a proposed amendment from being included in the foundation code if it has been addressed in the 11 12 international code; conforming provisions to changes 13 made by the act; providing an effective date. 14 15 Be It Enacted by the Legislature of the State of Florida: 16 17 Section 1. Subsections (3), (7), and (8) of section 553.73, Florida Statutes, and paragraphs (a) and (b) of subsection (9) 18 of that section, are amended to read: 19 20 553.73 Florida Building Code.-(3) The commission shall use the 6th edition, and 21 22 subsequent editions, of the Florida Building Code as the International Codes published by the International Code Council, 23 the National Electric Code (NFPA 70), or other nationally 24 25 adopted model codes and standards needed to develop the base 26 code in Florida to form the foundation for the development of 27 and updates to the Florida Building Code. The Florida Building 28 commission may approve technical amendments to the code as 29 provided in, subject to subsections (8) and (9), after the 30 amendments have been subject to all of the following conditions: 31 (a) The proposed amendment must have has been published on 32 the commission's website for a minimum of 45 days and all the

49

578-00348B-17 20177000pb 33 associated documentation must have has been made available to 34 any interested party before any consideration by a technical 35 advisory committee.+ (b) In order for a technical advisory committee to make a 36 37 favorable recommendation to the commission, the proposal must 38 receive a three-fourths vote of the members present at the 39 technical advisory committee meeting. and At least half of the 40 regular members must be present in order to conduct a meeting.; (c) After the technical advisory committee has considered 41 42 and recommended consideration and a recommendation for approval 43 of any proposed amendment, the proposal must be published on the commission's website for at least 45 days before any 44 45 consideration by the commission.; and 46 (d) A proposal may be modified by the commission based on

47 public testimony and evidence from a public hearing held in 48 accordance with chapter 120.

50 The commission shall incorporate within sections of the Florida 51 Building Code provisions <u>that</u> which address regional and local 52 concerns and variations. The commission shall make every effort 53 to minimize conflicts between the Florida Building Code, the 54 Florida Fire Prevention Code, and the Life Safety Code.

(7) (a) The commission, by rule adopted pursuant to ss.
120.536(1) and 120.54, shall review update the Florida Building
Code every 3 years to consider whether it needs to be revised.
The commission shall adopt code revisions by rule. When
evaluating potential revisions to updating the Florida Building
Code, the commission shall review select the most current
version of the International Building Code, the International

578-00348B-17 20177000pb 62 Fuel Gas Code, the International Mechanical Code, the 63 International Plumbing Code, and the International Residential Code, all of which are adopted by the International Code 64 65 Council, and the National Electrical Code, which is adopted by the National Fire Protection Association, to form the foundation 66 67 codes of the updated Florida Building Code, if the version has 68 been adopted by the applicable model code entity. The commission 69 shall also review select the most current version of the 70 International Energy Conservation Code (IECC) as a foundation 71 code; however, the IECC shall be modified by the commission must to maintain the efficiencies of the Florida Energy Efficiency 72 Code for Building Construction adopted and amended pursuant to 73 74 s. 553.901. 75 (b) Codes regarding noise contour lines shall be reviewed 76 annually, and the most current federal guidelines shall be 77 adopted. 78 (c) The commission may adopt as a technical amendment to 79 the Florida Building Code modify any portion of the foundation 80 codes identified in paragraph (a) only as needed to accommodate 81 the specific needs of this state. Standards or criteria adopted from such referenced by the codes shall be incorporated by 82 83 reference to the specific provisions of such codes which are adopted. If a referenced standard or criterion requires 84 85 amplification or modification to be appropriate for use in this 86 state, only the amplification or modification shall be set forth in the Florida Building Code. The commission may approve 87 technical amendments to the updated Florida Building Code after 88 the amendments have been subject to the conditions set forth in

paragraphs (3) (a) - (d). Amendments that to the foundation codes 90

89

Page 3 of 8

578-00348B-17 20177000pb 91 which are adopted in accordance with this subsection shall be clearly marked in printed versions of the Florida Building Code 92 93 so that the fact that the provisions are Florida-specific amendments to the foundation codes is readily apparent. 94 (d) The commission shall further consider the commission's 95 96 own interpretations, declaratory statements, appellate decisions, and approved statewide and local technical amendments 97 98 and shall incorporate such interpretations, statements, 99 decisions, and amendments into the updated Florida Building Code 100 only to the extent that they are needed to modify the foundation 101 codes to accommodate the specific needs of the state. A change made by an institute or standards organization to any standard 102 or criterion that is adopted by reference in the Florida 103 Building Code does not become effective statewide until it has 104 been adopted by the commission. Furthermore, the edition of the 105 106 Florida Building Code which is in effect on the date of 107 application for any permit authorized by the code governs the 108 permitted work for the life of the permit and any extension 109 granted to the permit. 110 (e) A rule updating the Florida Building Code in accordance 111 with this subsection shall take effect no sooner than 6 months after publication of the updated code. Any amendment to the 112

Florida Building Code which is adopted upon a finding by the commission that the amendment is necessary to protect the public from immediate threat of harm takes effect immediately.

(f) Provisions of the <u>Florida Building Code</u> foundation codes, including those contained in referenced standards and criteria, relating to wind resistance or the prevention of water intrusion may not be modified to diminish those construction

578-00348B-17 20177000pb 120 requirements; however, the commission may, subject to conditions in this subsection, modify the provisions to enhance those 122 construction requirements.

123 (q) Amendments or modifications to the foundation code 124 pursuant to this subsection shall remain effective only until 125 the effective date of a new edition of the Florida Building Code 126 every third year. Amendments or modifications related to state 127 agency regulations which are adopted and integrated into an 128 edition of the Florida Building Code shall be carried forward 129 into the next edition of the code, subject to modification as 130 provided in this part. Amendments or modifications related to 131 the wind-resistance design of buildings and structures within 132 the high-velocity hurricane zone of Miami-Dade and Broward 133 Counties which are adopted to an edition of the Florida Building 134 Code do not expire and shall be carried forward into the next 135 edition of the code, subject to review or modification as 136 provided in this part. If amendments that expire pursuant to 137 this paragraph are resubmitted through the Florida Building commission code adoption process, the amendments must 138 139 specifically address whether:

140 1. The provisions contained in the proposed amendment are 141 addressed in the applicable international code.

142 2. The amendment demonstrates by evidence or data that the 143 geographical jurisdiction of Florida exhibits a need to 144 strengthen the foundation code beyond the needs or regional 145 variations addressed by the foundation code, and why the 146 proposed amendment applies to this state.

147 3. The proposed amendment was submitted or attempted to be included in the code foundation codes to avoid resubmission to 148

578-00348B-17 20177000pb 149 the Florida Building Code amendment process. 150 151 If the proposed amendment has been addressed in the 152 international code in a substantially equivalent manner, the 153 Florida Building commission may not include the proposed 154 amendment in the foundation Code. 155 (8) Notwithstanding the provisions of subsection (3) or 156 subsection (7), the commission may address issues identified in 157 this subsection by amending the code pursuant only to the rule 158 adoption procedures contained in chapter 120. Provisions of The 159 Florida Building Code, including provisions those contained in referenced standards and criteria which relater relating to wind 160 161 resistance or the prevention of water intrusion, may not be 162 amended pursuant to this subsection to diminish those standards 163 construction requirements; however, the commission may, subject 164 to conditions in this subsection, amend the Florida Building 165 Code the provisions to enhance such standards those construction requirements. Following the approval of any amendments to the 166 167 Florida Building Code by the commission and publication of the 168 amendments on the commission's website, authorities having 169 jurisdiction to enforce the Florida Building Code may enforce 170 the amendments. The commission may approve amendments that are 171 needed to address: 172

177

(a) Conflicts within the updated code;

173 (b) Conflicts between the updated code and the Florida Fire 174 Prevention Code adopted pursuant to chapter 633;

175 (c) Unintended results from the integration of previously adopted Florida-specific amendments with the model code; 176

(d) Equivalency of standards;
