

Office of the
**INDIAN RIVER COUNTY
ADMINISTRATOR**

Jason E. Brown, County Administrator
Michael C. Zito, Assistant County Administrator

MEMORANDUM

TO: Members of the Board of County Commissioners

THROUGH: Jason E. Brown
County Administrator

FROM: Dori Roy
Assistant to the County Administrator

DATE: March 28, 2017

SUBJECT: Department of the Army Right-of-Entry for
Environmental Assessment and Response

During World War II, the military trained in coastal Indian River County near Vero Beach. The Department of the Army, Jacksonville District Corps of Engineers, is conducting a Remedial Investigation/Feasibility Study to determine if anything remains in the area from the military's training. In order to complete this investigation, access to several pieces of property owned by Indian River County and the Indian River County Emergency Services District is needed. Right-of-Entry for Environmental Assessment and Response forms were received for twelve pieces of property with a request for authorization to access these sites. Four additional properties have been identified as potentially being in the area of investigation, and Rights-of-Entry forms may be requested for access to these sites at a later date.

It is recommended that the Board of County Commission grant access to properties owned by Indian River County and Indian River County Emergency Services District to the Department of the Army in order to complete the Remedial Investigation/Feasibility Study, and authorize the Chairman to execute Right-of-Entry for Environmental Assessment and Response forms as needed in order to complete this study.
